Tax Cut Bill To Reach President By Tuesday Night

Such Is Indication In Congress Today—Senate Near Final Vote

BELIEVE VETO WILL NOT BE EFFECTIVE

WASHINGTON, March 22.—(INS)—The Senate vote today on the third GOP tax reduction bill of the past year, with house assurances that the legislation will go to President Truman by tomorrow night.

Confident that their four and three-quarter billion dollar income tax relief bill be passed over a presidential veto, GOP leaders announced plans for a "second round" of cuts on excise taxes later this year. They emphasized this will depend entirely upon the state of the federal surplus.

Speedy Action Assured

Speedy action on the pending tax cut was assured when Rep. Knutson (R) Minn., house ways and means chairman, announced that the house will accept the senate bill, without going to conference, and send it to the White House.

Under a hard-and-fast agreement, the senate votes at 6 p. m. today on its slimmed-down version of the house-passed six and a half billion dollar reduction measure. The senate cut totals four billion 773 million dollars, by sharply reducing the percentages on individual income levies.

Knutson predicted that both the house and senate will vote to override Mr. Truman's expected veto, "unless he can create a greater emergency than he has been able to do to date."

One of the administration's staunchest supporters jumped on the tax-cut bandwagon over the week-end, strengthening the outlook for a 1948 tax cut.

Sen. Lucas (D) Ill., minority whip of the senate, announced that he will vote for the bill and vote to override a veto unless the president discloses some new emergency.

Pa Newc Observes

Recent heavy rains are showing their effects on the streams in the Lawrence county area. They have risen several feet over the week-end.

With summer-like weather Saturday afternoon, a small swarm of bees gathered on some boxes near of a fruit store, on East Washington street.

While no maple sugar groves have apparently been opened in the county, Pa Newc notes that here and there around the city and county buckets are hanging on maple trees, catching some of the maple sap, apparently in a miniature maple sugar making effort.

Palm Sunday and the first full day of spring of 1948 was quite an enjoyable day in New Castle, as far as weather conditions were concerned. Temperature got up in the seventies during the day.

Spring also brought out an unusually large number of shoppers Saturday afternoon, large crowds were in the stores and on the streets.

After reaching a stage of 12 feet Sunday, the waters of the Shenango River dropped a foot, standing at 10.9 feet at 9 o'clock this morning. The Pymatuning "pond" probably saved the local area higher water, as a flash flood was reported in Meadville area as a result of heavy week-end rains.

Report is made that over the week end twin colts were born to a mare at the Herford Manor farm, near Zellenopol. Twin colts are exceedingly unusual. Pa Newc is informed.

DAMAGES PILLAR

Thomas D. Ritchie, 612 Canyon street, reported he operated an auto last night which damaged a pillar on the west end of Public Square.

"Barber Shop Quartet" Is Formally Launched Here

New Castle now has a chapter of the S.P.E.S.Q.S.A. To make a long title longer, the initials stand for the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America. And now there is a chapter here.

Meeting Sunday afternoon in the Ecclesian Club on South Jefferson street a group of barber shop harmonists organized and took steps to become a unit of the national EPEB and so forth. National headquarters are in Tulsa, Oklahoma.

Temporary Officers

The following officers were elected temporarily: President, D.

J. "Di" Jones; vice president, William H. Jones; Reed D. McCullough, secretary, and Richard Wells, treasurer. These men will serve until permanent officers are named.

Organized some years ago the SPEBSQSA is now organized in most of the states. Regional and state barber shop quartet competitions are held, with a national competition held each year. Barber shop quartet singing and good fellowship are only tenets of the organization. For several years the matter discussed here and finally action was had Sunday.

And so now we have a chapter of the SPE, ah go ahead and fill in the rest of the initials yourself.

Storms Hamper Search For Eight On Missing Plane

PORTLAND, Ore., March 22.—(INS)—Continued storms hampered a search today for any aerial search for eight missing persons aboard a C-47 from the Army airfield at Fairfield-Suisun, Cal.

The pilot, Maj. John Baker Harding, of Fairfield, radioed he was making a turn to land at Portland. Radio contact ceased with an abruptness which led McChord field officials to fear the twin-engine craft had crashed in the rain-swept mountains.

Other crew members were listed by the Army as:

Capt. William H. Tillery of Fairfield; Capt. Wiley A. Garber of Oakland; Capt. Frederick J. Ziegler of Sacramento; and First Lieut. David H. Griess of Vallejo, Cal.

Both Maj. Harding, the plane's pilot, and Capt. Ziegler have distinguished service records as wartime pilots.

There were three passengers aboard the plane but only one of them was known by the army. He was Sgt. Stephen J. Pressey of Oakland.

Italy Also Wants Colony Restoration

Italian Ambassador Makes Known Nation's Desires In Addition To Return Of Trieste

WASHINGTON, March 22.—(INS)—Italian Ambassador Tarchiani declared today that in addition to the return of Trieste, restoration of the former African colonies could go far to bulwark democracy and freedom in Italy.

Tarchiani said that the proposal of the United States, Britain and France to revise the Italian treaty so that Trieste may be awarded to Italy "is a basic and far-reaching step toward recognition of the role Italy can play as an independent democracy in the family of freedom-loving nations."

Restore Colonies?

But he added that further recognition by the three western nations of Italy's past contributions to the colonies of Eritrea and Somaliland by restoring them to Italian tutelage "also would capture the hearts of the Italian people and significantly raise their morale."

In diplomatic quarters, meanwhile, it was said that the United States, Britain and France favors placing at least two of the former African colonies — Eritrea and Somaliland — under Italian trusteeship. Britain has opposed restoration of Cyrenaica because of a promise she has made to the Senussi tribe.

Yugoslavia Protests Trieste Return Move

BELGRADE, March 22.—(INS)—Yugoslavia protested strongly today against the western powers' proposal to return Trieste to Italy.

The protest, contained in a diplomatic note delivered to the British, French and American ministers in Belgrade accused the western powers of hampering direct agreements between Italy and Yugoslavia.

It also charged the three western nations with preventing the United Nations Security Council from reaching agreement on the appointment of a governor for Trieste.

Marshall And Forrestal Will Be Questioned

Congress Wants To Know Facts About Need For Draft And U.M.T.

WASHINGTON, March 22.—(INS)—Congress will question Secretaries Marshall and Forrestal today on how close the United States is to war with Russia and how big America's defense machine must be to insure safety.

The secretaries of state and defense are scheduled to appear at an "informal closed session" of the Senate armed services committee at 4 p. m. EST.

Considering Draft The committee is considering President Truman's request for a temporary draft and universal military training to back up his "stop Communism" program.

Witnesses called to testify before Marshall and Forrestal included Dr. Karl Compton, chairman of the President's commission on U.M.T., former Supreme Court Justice Owen J. Roberts, and former ambassador to Japan, Joseph C. Grew.

Marshall said on his arrival in Washington last night from a West Coast speaking engagement that he has withheld nothing from congress concerning the possible imminence of war.

YOUNGSTER FATALLY HURT PITTSBURGH, March 22.—(INS)—Funeral services will be held tomorrow in Pittsburgh for six year old Louis Montague who died yesterday of injuries suffered when he fell from a linoleum floor.

The accident occurred Friday. The youngster apparently was playing with the linoleum. It was reported.

Central Part Of State Is Faced By Flood Danger

Disaster Committee Checking Susquehanna River For Flood Dangers, Result Of Rain

HARRISBURG, March 22.—(INS)—The governor's emergency disaster committee is checking the downstream rush of millions of tons of water in the Susquehanna river today as flood warnings flew along the waterway.

High water at Towanda, on the river's north branch, forced precautionary evacuation yesterday of about six families in a low-lying section, according to J. Hugh McNeill, the committee's executive assistant. The high waters crested at Towanda last night.

The seaward rush of flood waters followed scattered rains which completed snow melt in all Pennsylvania.

L. F. Conover, Harrisburg weather forecaster, said Sherburn, N. Y., was the only station in the Susquehanna basin reporting ground snow.

The stages are high but what rain has occurred was not generally heavy and from present indications I do not expect much change in river stages," Conover reported.

He said a 17.5 foot stage at Towanda is expected to slip to 16.5 by noon today while at Wilkes-Barre, protected by dikes, a 22.6 foot stage is anticipated. Flood stage at Wilkes-Barre is 22 feet.

Harrisburg 11.6 foot stage is expected to slip to 11.5 by noon while at Sunbury, where the north and west branches of the Susquehanna meet, Conover anticipates a 12 foot stage at noon compared with 12.7 last night.

Historical Markers Being Erected On County Highways

Near Moravia on route 18, located a plot of land and a stone marker where the Friedenstadi village of the Delaware Indians once was. The Pennsylvania Historic commission has recently erected there, two metal signs with historic information about the Indians. Inserted in the above picture are two other signs erected by the commission. The one, left above, is located in the Oakland district along Atlantic avenue. The other was placed at the north end of the Edinburg viaduct.

Latest additions to Lawrence County's highways are the erection of some large blue and gold signs, handiwork of the Pennsylvania Historical Commission. According to A. A. Martin, Superintendent of the highways in this area, there are about 11 of these signs to be erected at points of interest throughout the county.

The signs are lettered in gold on a field of blue and describe the event which took place, the date and the people involved. They are on steel standards about ten feet high and are placed far enough from the highway to protect them

Arabs Launch New Offensive

Report 4,000 Troops Attack In Widely Separated Areas Of Holy Land

MAY BE START OF ALL-OUT OFFENSIVE

BULLETIN JERUSALEM, March 22.—(INS)—A full-scale Arab offensive against Holy Land Jews at Hattuv, midway between Jerusalem and Jaffa, was repulsed today but heavy fighting continued over wide areas.

Jewish Agency sources said the attacking Arabs were hurried back with heavy losses at Hattuv. Jewish casualties were reported at only two wounded.

Seven Hundred Attend Motor Truckers' Dinner

Harry L. Gormley, standing, was toastmaster at Saturday night's Ladies' Night dinner of the Lawrence County Chapter of the Pennsylvania Motor Truck Association. Seated next to Mr. Gormley is "Col." Jack Majors, of Paducah, Kentucky, who was the principal speaker.

Nearly seven hundred attended at annual Ladies' Night dinner of the Lawrence County chapter, Pennsylvania Motor Truck Association, Saturday night in the Cathedral. From the standpoint of attendance and quality of program Saturday night's affair was said to be one of the best ever presented.

"Colonel" Jack Majors of Paducah, Kentucky, a "Blue Grass Philosopher" was the speaker of the evening and for an hour he had his audience alternately laughing at his home-spun humor and seriously considering some of his pungent comment upon the national and international situations.

"Taxes, Women and Hogs" His title was "Taxes, Women and Hogs." He declared that most of our juvenile delinquency could

Northwestern State Towns In Path Of Floods

Meadville, Warren, Bradford, Titusville And Other Towns Flooded

FRANKLIN ALSO HAS FLOOD STAGE

(BULLETIN)

PITTSBURGH, March 22.—(INS)—The number of communities inundated by the swollen waters of the Allegheny river increased to 10 this morning.

Franklin and Rimerton in Pennsylvania and Orleans in New York all passed the flood stage as water continued rising throughout the flooded area.

At Warren, most of the schools were shut down and the Times-Mirror, the local newspaper, issued a summons for an extra pump to help save their paper supply. Several industrial plants were particularly hard hit.

Flood waters in Warren were last reported at 17 feet, three feet above flood stage, and the Warren airport was submerged in at least two feet of water. The flood stage is 14 feet.

More than 100 families were evacuated from their homes to safety in Meadville. The three bridges leading to towns were all closed to traffic.

PITTSBURGH, March 22.—(INS)—Swollen streams in the northwest portion of Pennsylvania deluged eight communities as waters were still rising.

Besides Warren and Meadville, towns hit are Titusville, Bradford, Union City, Hydetown and East Didsville. Only in Bradford have the waters receded any.

Across the river from Bradford, the New York towns of Limestone and Salamanca were both inundated. Bradford itself reported two and a half to three feet water.

Newspapers Hit

In Titusville, where two feet of water had been reported, the waters are still rising and the Titusville Herald has been forced to move to Oil City in order to publish.

Coal Strike Causes More Unemployment

Steel Industry And Transportation Lines Are Affected By Coal Shortage

PITTSBURGH, March 22.—(INS)—Unemployment in the nation's steel and transportation industries mounted today as the strike of 400,000 bituminous coal miners entered its second week.

Other industries probably will feel the effects of the crippling walkout by week end.

Three steel mills in the Pittsburgh area already have banked furnaces, a furloughing of employees, similar action is expected at other mills soon.

The sprawling Bethlehem steel mill at Johnstown, Pa., the Sharon steel mill at Sharon and Farrell, Pa., and the Youngstown Sheet and Tube Company at Youngstown, O., have slashed production in the wake of a coal shortage.

Railroads across the country have furloughed mine run and passenger crews. The office of defense transportation ordered 25 per cent of all coal burning passenger trains taken out of service to conserve coal.

Down in the swamp there's a croaking, the frogs are going to town, they're bellowing out their frog harmonies and doing the business up brown. The pussy willows are open, the jonquills are showing their heads and out in the fields there's a carpet of green where short weeks ago it was dead. The kids and their marbles are rolling, the roller skate click fills the air, for lovely Miss Spring has come calling, with a garland of leaves in her hair. And young men's fancies keep turning, as far me let me casually say, my fancy keeps turning to finish this verse and it's high, 64 today.

Says U.S. Facing Early Decision On Armed Force

WASHINGTON, March 22. — (INS)—Rep. Eaton (R) N. J., chairman of the House Foreign Affairs Committee, warned today that the United States may have to reach a "final decision" soon whether armed force is necessary to halt "Russian aggression."

The Republican leader asserted at a congressional hearing that this "final decision" is not "very remote."

Eaton's frank opinion of the world situation came during an appeal to the House Rules Committee to approve the opening of debate tomorrow on the six and one-quarter billion dollar global recovery program for 21 non-Communist nations.

Earlier, the Foreign Affairs Committee declared that the six and one-quarter billion dollar global recovery program should be enacted promptly to guarantee the survival of the United States and to block Moscow's "domination of the world."

The committee said that to achieve this America must be able to furnish both economic and military aid to nations threatened by the forces of Communism.

Deafened People May Now Hear Clearly

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music and friendly companionship. Accepted by the Council on Physical Medicine of the American Medical Association. This device does not require separate battery pack, battery wire, case or garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Beltone, Dept. 6, 1450 West 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risking a penny. ARABS LAUNCH NEW OFFENSIVE

(Continued from Page One)

charged at the offensive is designed to compel the United Nations to establish an independent Arab state with a Jewish minority in the Holy Land.

A thousand uniformed Arabs swooped down from the hills into the Harbut area, midway between Jerusalem and Jaffa, and British troops rushed to the scene to intervene.

The Arabs were reportedly led by Abdul Kader Hussein, a henchman of the exiled Mufti of Jerusalem.

Another Attack
Simultaneously, another large force attacked the Nevev Yaakov settlement northwest of Jerusalem. Fighting there still continues.

Reports from Northern Palestine said that Haganah had blown up two more bridges in anticipation that the Arab D-Day would be launched this week-end.

In what was believed to be the beginning of the long-heralded Arab drive to wipe out Zionism, eight Arab groups attacked at widely separated points.

In at least one case, the Arab raiders were led by a Briton, who was among twenty killed by Haganah Jewish militia.

In Jerusalem itself, Arabs launched psychological "terror" warfare, and sporadic shooting and mortar bombing broke out.

A mortar shell damaged the Belgian consulate.

The Arab offensive was apparently precipitated by the United States renunciation of Britain, Jewish plans to form their own state, and spring weather coming almost simultaneously.

Golden Wedding Reception For Mr. and Mrs. William Johnson

In the home of their daughter and son-in-law, Mr. and Mrs. Alexander G. Mathieson, of 202 Boyles avenue, Mr. and Mrs. William H. Johnson, of 603 Highland avenue, both lifelong residents of New Castle, celebrated their golden wedding anniversary on Sunday with an open house reception in the afternoon and evening.

Receiving with Mr. and Mrs. Johnson and the hosts were Mr. and Mrs. Wilbur E. Johnson, of Ben Avon Heights, Pittsburgh. To receive, Mrs. Johnson wore a black crepe gown with a white collar trimmed with crystal beading and an orchid corsage, Mrs. Mathieson, a spring print, and her sister-in-law, navy blue.

There was a profusion of flowers about the living room, including numerous bouquets of yellow roses. All had been sent as expressions of congratulation to the guests of honor who also received numerous cards and telephone calls during the day, some from friends in such distant points as California, Arizona and Florida.

Between the hours of 2 and 4 o'clock in the afternoon and 7 to 9 o'clock in the evening, more than 200 friends, relatives, and neighbors called and registered in a guest book. There were many from

out-of-town, including more than 60 from cities in Ohio.

Guests were served refreshments from a beautifully appointed table laid with a cutwork and fillet lace cloth. Centering it was a low bowl of yellow roses and snapdragons, carrying out the golden motif. Antique crystal lustres at either end held lighted ivory tapers. On the buffet were matching bouquets of yellow spring flowers flanked by crystal candelabra.

Featured on the server was a tiered wedding cake lighted by candles in a tall silver candelabrum.

Presiding at the silver coffee service in the afternoon were Mrs. Wilbur Jenkins and Miss Verna Mae McGaffie and in the evening Mrs. Harry Redman and Mrs. Howard Burr poured for guests. Aides in the afternoon were Mrs. Paul Walter and Mrs. Pearl Thayer and in the evening, Mrs. John J. Kennehan and Mrs. George C. Campbell.

Mr. and Mrs. Johnson were married here March 21, 1898 in the Primitive Methodist church and have made their home here since. For many years Mr. Johnson was engaged in the grocery business here and is now in business with his son in the investment firm of Johnson and Johnson.

BETTY WRIGHT TO BE APRIL BRIDE

Mrs. W. C. Wright, 911 Harrison street, was hostess Thursday evening at a lovely announcement party in honor of her daughter, Miss Betty M. Wright, a bride-elect of April.

Games and an informal social time proved a delightful evening with prizes being awarded to Mrs. James Gillfillan, Miss Ruth Bradford and Miss Louella Rowe.

At an appointed time a dainty luncheon was served at a beautifully decorated table. A floral centerpiece of yellow roses in a crystal epergne centered the table flanked by crystal candelabra holding yellow and green tapers. Tiny colonial dolls holding flower baskets concealed a scroll on which was inscribed, "Betty and Jim, April 24th". Assisting the hostess in serving were Mrs. Paul E. Newman, of Cleveland, sister of the bride-elect, Mrs. C. W. Smith Jr. and Mrs. Mae Brinton.

Miss Wright has chosen Saturday, April 24, as the date for her marriage to James W. Anderson, son of Mr. and Mrs. Herber C. Anderson. An open ceremony will be held in the First U. P. church at 7:30 p. m.

The bride-to-be is a graduate of New Castle high school and attended business college. She is at present employed as secretary to the district attorney of Lawrence county.

Mr. Anderson is also a graduate of New Castle high school and served 3½ years in the armed forces, holding the rank of lieutenant upon discharge. He is now attending Youngstown College School of Engineering.

POETRY GROUP HAS EVENING WORKSHOP

Poetry Group workshop, was carried on in the home of Miss Garnet Rhodes, 507 Garfield avenue, Friday evening, when members heard a discussion of "Triple Rhyme" by Mrs. Nita Brenner and two five-minute talks, one on "Stanza Forms" and one on the "Quatrain" by Mrs. Brenner.

Original poetry was submitted and read.

A letter from an out-of-town member, Mrs. Lona Haegstrom, of Syracuse, N. Y. was read.

At the close of the evening a luncheon was served at a most attractive tropical scene in miniature. Refreshments were in keeping with the decorative theme.

Next meeting will be the appreciation meeting April 7 when the program subject will be a selected poetic play of Maxwell Anderson.

CHRISTIAN CHURCH CHOIR ENTERTAINED

Following choir practice Thursday evening, the choir of the First Christian church was delightfully entertained by the choir director, Mrs. Kathryn N. Allen.

The evening was spent taking movies, making recordings, and R. K. Allen also entertained the group with movies.

At a later hour the group were seated at a table beautifully decorated in keeping with the Easter season. Delicious refreshments were served by the hostess assisted by Mrs. Elsie Nessel and Mrs. W. C. Wheldon.

Special guests were Mr. and Mrs. Frank Young, Mrs. Esther Eakin, Mrs. Annabelle White and Earl Yoho.

SINES-ALLEN WEDDING SATURDAY AFTERNOON

Before an altar centered by a vase of white snapdragons and white carnations against a background of palms and ferns, a simple but impressive wedding was solemnized Saturday afternoon in the Third U. P. church when Miss Reba E. Sines, daughter of Mr. and Mrs. Peter H. Sines of 909 Warren avenue, became the bride of Robert M. Allen, son of Mr. and Mrs. John C. Allen of 301 East Leasure avenue.

At 4:30 o'clock the bridal party entered from the church study and vows were exchanged at a double ring ceremony with Dr. J. Paul Graham officiating.

The bride, given in marriage by her father, wore a softly tailored suit of navy gabardine with a brimless navy straw sailor trimmed with a small cluster of pale pink flowers. Her other accessories were white and navy and her corsage was a white orchid.

Mrs. Howard L. Reynolds as her sister's matron of honor wore a glen plaid suit in two tones of beige and with it a brown straw off-the-face hat and brown accessories and a corsage of cymbidium orchids.

Donald C. Allen served his brother as best man and ushers were Howard L. Reynolds and Herbert Sines, brother of the bride.

Preceding the ceremony, Miss Lillian Sarver, organist, played a half-hour recital of music and continued playing softly during the ceremony.

Afterward the bridal party and parents of the bride and groom formed a receiving line at the rear of the church auditorium and later a wedding dinner was served to the bridal party, the immediate families, Dr. and Mrs. Graham and Rev. and Mrs. J. Calvin Rose at the Manse in New Wilmington.

A tiered wedding cake centered the bride's table and on the other two tables were centerpieces of spring flowers.

Mr. and Mrs. Allen left on a wedding trip to an undisclosed destination. Upon their return they will make their home for the present in New Castle.

Mrs. Allen is a graduate of Geneva college and Carnegie Institute of Technology library school and is assistant librarian at senior high school. Mr. Allen graduated from Pennsylvania State college where he received both his bachelor of science degree and a master's degree in metallurgy. He is a metallurgist in the Homestead works of the Carnegie-Illinois Steel Corporation.

In View Of News Of The World

By J. C. Ostricher, INS Foreign Director

A direct challenge to Italy's national pride was thrown at the doorstep of Rome today with Secretary of State Marshall's flat announcement that the Italian people must choose between cooperation with democracy and subservience to communism.

There could be no misunderstanding. Marshall said the Italian people on April 18 can vote for European recovery plan assistance or isolate themselves completely from democratic concepts and their benefits, morally, materially and otherwise.

Ultimatum Necessary
That such an ultimatum should be necessary sheds a glaring light on a fact almost forgotten and certainly frequently overlooked.

This is the passionate vigor with which Italy fought in the years following the second world war to gain restoration in the family of nations, eliminate the evils of fascism and win the respect and favor of the democratic world.

It is a fact that Italy transformed herself from an enemy to a friendly nation quicker than any other in history.

The Italian people—not the allies—dethroned King Victor Emmanuel and executed Benito Mussolini. The Italian people—voluntarily and not under pressure—confessed the sins of the fascist regime and sought to expiate them.

The Italian people elected new governments that had dignity and decency. They were headed by men with clean hands who could go before the tribunals of the world and offer hard work and a democratic doctrine in payment.

Fought On Both Sides
Italy's swift turnaround from fascism to democracy earned careless criticism in some quarters. It was recalled that Italy fought first for Germans and then for the allies in both world wars.

But her leaders presented a clear case to show that Mussolini, after a short and less constructive start, allowed himself to be taken over by Hitler and that the machinery of fascism was by that time so highly geared that the people were powerless to resist.

Their case paid enormous dividends. Peace terms could have been much harsher. There have

The Parent Problem

By Garry C. Myers, Ph. D.

KEEP CALM IF CHILD TUMBLES

One time I saw a lad nearly two coming through a door from one room to another. The lad fell right in the doorway sustaining an appreciable bump. The father, wishing to teach his son physical courage, said nothing but stepped over his son ahead of him. The youngster whimpered a bit, got up and soon acted as if nothing unusual had occurred. I observed this lad several months later and never saw him evince violent crying at any sort of physical injury.

Also I have seen a number of children from three to five get up smiling after a fall, even when blood was seeping from their scratched hands or knees.

Many Dangers
Of course, a tot is normally faced with many dangers and he needs vigilant protection. But the usual fall or bump as he walks or runs on the level rarely need concern us at all. As he begins to walk he may fall fifty times a day and not having far to fall, he rarely is injured much.

When he does fall, how we parents behave pretty largely determines how he will respond—whether he will cry or not or how long. Most parents are prone to grab up the baby at every little bump and reveal anxiety by the way they size or hold him and by the sound they utter. The very young child easily senses our emotions then. If we have fears he feels them. Unless or until we do he may not cry at all.

Reveal Fear
Some parents, however, wishing to harden the youngster, will laugh when he gets a bump. This plan may be good, but it also may cause the child to suppose we don't care or that we are just pretending, for in our very laughter we can reveal fear. As a rule it is better to say nothing and do nothing. If the child is able to pick himself up let him do so. Even if first aid must be administered we should try to be as calm as a nurse or doctor.

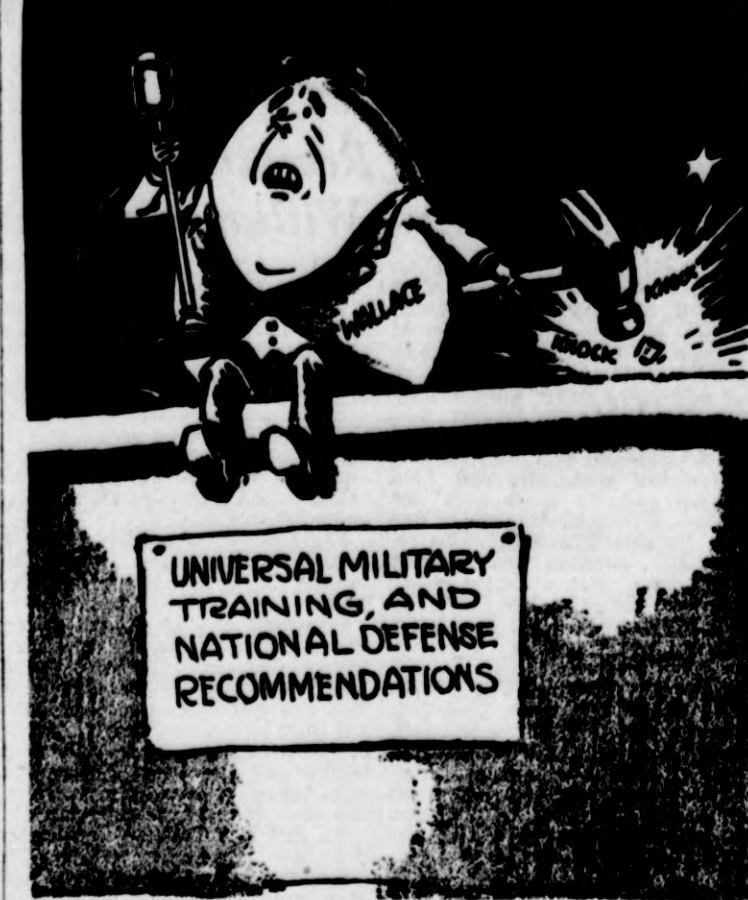

But if we grow panicky over the youngster's fall or bump he may not only cry but become hysterical. After a few such experiences he may grow pale and even "pass out" for a few moments.

Bay of Gibe
"Dear Dr. Myers: I have a baby girl 20 months old. Since she is six months, when she bumps herself or has a fall, she holds her breath and gets all blue. Now this happens at least once a week. Every time she does have a fall she tries to be calm and start laughing to show her no fear, but the condition does not improve. When she does become blue I grab her and start running around the house beating her on the back."

This is how I answered her: You should, of course, consult your physician and do exactly as he advises. Your complete calmness and self-control are essential for carrying out the physician's orders. I have asked a number of pediatricians about the baby who holds her breath in such an emotional state and all have assured me that as soon as the child regains consciousness breathing begins, normalcy is restored. But don't take my word for it. I am not a physician. Yet I do know as a psychologist that your own actions and state of emotions will be the chief factors in starting, prolonging, or dispersing his emotional upheaval.

There are also all sorts of behavior the baby and young child in a violent rage, commonly known as a tantrum, which we will discuss tomorrow. My bulletin, "Tantrums: Their Cause and Prevention" may be had in a stamped envelope by writing me at 235 East 45th Street, New York, N. Y.

Some Washington Comment

(Special to Central Press)
WASHINGTON, March 22.—Edwin W. Pauley, California oil millionaire and close friend of President Truman, has decided to stay out of public life henceforth. Not only that, but Pauley will put as much distance as possible between himself and Washington.

Heeding his wife's advice, Pauley has decided to divide his time between his Los Angeles mansion and his private island just off the shores of Honolulu.

Pauley twice was a target, it will be remembered, for congressional mauling. Bitter criticism forced Mr. Truman to withdraw Pauley's appointment as under-secretary of the navy.

Later, the broad-shouldered tycoon accepted a job as special assistant to Army Secretary Kenneth Royall. He promptly came under fire again in connection with the grain speculation investigation.

Pauley resigned from the army department. Back in California, where he long has been a power in Democratic politics, he found his party split by dissension over the Henry A. Wallace third party threat and other issues.

Some of Pauley's friends urged him to join a fight to reunite the state organization. But Mrs. Pauley said: "Let's go back to Hawaii, Ed, and forget politics."

And that is just what Big Ed is going to do.

The United States is not likely to have atom-powered warplanes in short order, as urged by the Congressional Power Board.

The board, in its recent historic report on the state of American air power, said that this country could be "predominant" in maintaining world peace if it had atom-powered planes, as well as the A-bomb.

The board pointed out that currently available fuels expend their power too quickly to permit "delivery of atom bombs" to a "distant enemy."

At least one project seeking to develop an atom-powered aircraft engine has been under way for nearly two years. It is termed NEPA (nuclear energy propulsion of aircraft) and is being carried on by Fairchild, an aviation company which makes planes and engines.

Greatest obstacle to the work has been perfection of a "shield" around the engine to protect personnel from the deadly radio-active rays which emanate from the energy-producing "pile" or furnace. Only too thick lead or even thicker concrete will "kill" the rays.

The weight inherent in such a "shield" is too great for planes to carry and still have room for a worthwhile load. A ship, or even an automobile, could do it, but until the scientists discover a ray-resisting material of very light weight, the Congress's Board's wish will not come true.

In its fight against the Taft-Hartley Act's ban on union political expenditures, the CIO finds an interesting parallel in British labor history.

An English court in 1910 ruled against compulsory levies on union members for the purpose of making contributions to support labor candidates for parliament.

CIO attorneys said the decision produced "a wave of strikes" and three years later the restriction was lifted to permit political contribution subject to the majority vote of the rank and file. Union members who did not wish to contribute to political candidates could "contract out" of a political assessment.

After a general strike in 1926, however, Britain enacted a law requiring unionists to affirmatively "contract in" in political assessments. But, says the CIO: "The reaction was a strengthening of the Labor party which ultimately came to power in 1945 and thereafter repealed all limitations."

And better still, we'll be permitted to listen.

That John L. Lewis Proposition

(By Holmes Alexander)

WASHINGTON, D. C., March 22.—All right, I'm a soft-hearted soft-coal operator and I'm listening to the splashing of crocodile tears over at the United Mine Workers headquarters where John L. Lewis maintains both a weeping wall and a whipping post.

Big Jawn wants a welfare fund of \$100 a month for miners over 60 with 20 years service in the mines. Sound something like a Townsend Plan, but I'm going over there, hat in hand, to talk over the details with Lewis.

"Well, how many miners would be involved this year. Big Jawn, and who's to decide on eligibility? Oh, that's for you to decide, eh? Well—er—if we're to talk on a business basis, don't you think that a few solid facts and figures are in order? What's that? We coal operators are to pay 10 cents a ton royalty into the fund and leave everything else to you, huh?"

Miners Contract To Do Nothing
"Mind if I read the contract, Jawn? It says here in fine print 'This fund is an irrevocable trust.' Yes, but it also says that the miners will only work when 'able and willing.' Seems to me that the operators are contracting to support the trust fund forever and ever, but that the miners aren't contracting to do anything. What sort of an agreement is that, Jawn? Oh, I see. I can take it or leave it, huh?"

"Well, let's see. What else does the contract say? 'This fund . . . shall endure as long as the purposes for its creation shall exist.' No ceiling? No limitation? And what are the purposes? 'Said purposes shall be to make payments . . . of benefits to employees of said operators.' Sound all right there. 'Their families.' Wonder if that includes mothers-in-law and distant cousins? 'And dependents.' That could include almost anybody, couldn't it? 'For medical or hospital care, pensions . . . compensation . . . life insurance . . . disability . . . sickness . . . accident . . . wage loss . . . death or retirement.' Look here, Jawn, the miners are already protected under social security, unemployment insurance, workmen's compensation, and 65 per cent of them are also protected under some form of medical care. The public, the employer and the worker all contribute to these forms of security. Don't you think that . . . Oh, you don't eh? I see.

Costs Would Be Higher
"Now let's see if we understand each other. The mine operators are to pay 10 cents a ton into your welfare fund. Is that a solid figure? Will it cover whatever it is that you have in mind? I mean, just suppose that coal production drops off next year. There's nothing in the contract that says you can't raise the 10-cent royalty to 15 cents or to 20 cents in years to come. In fact, I've just been talking with some experts in the field of trust funds. They tell me that you'll need a royalty of 50 cents a ton to build up a \$100-a-month benefit for retired miners. How do I know you won't up the take as soon as you get your plan in order? Oh, that's none of my business, eh?"

"Well, Jawn, I can't recall any other welfare fund where the employer pays it all. Are you going to list this fund as part of the union's income? And pay taxes on it? You're not, eh? And don't you think it's poor economy from a national viewpoint to raise a non-contributory fund by taxing tonnage? Next, the meat packers will be taxing poundage. And the automobile workers will be taxing on a unit basis of the number of autos produced. So it goes. Prices are driven up. The consumer pays more for his commodities. Your miners, like everyone else, are caught in a price-of-living spiral, and there's inflation. Do you think it's in the public interest to . . . Oh, I see. The public be damned, huh?"

Neutral Forced To Resign
"Finally, Jawn, there's this little matter of administering the 30-million-dollar fund. Last year you agreed to a three-man board of trustees—yourself, a representative of the operators and a neutral or public trustee. The neutral trustee, Thomas E. Murray, has resigned because, as he says, 'my continuance as impartial trustee of this fund would serve no useful purpose.' He did, he adds, work out a pension plan which he calls 'fair and reasonable.' But he got nowhere. Perhaps that was to be expected. As you told a press conference recently, the only way Mr. Murray could have settled the issue was by agreeing with you. I guess that statement covers a lot of territory. The only way we can mine coal in this country is by agreeing with you? Maybe so, Jawn. Maybe so."

Jobs Upon A Time
News Broadcaster Lowell Thomas, also author and lecturer, was born in Woodington, O., and received his bachelor of science degree from Valparaiso university, Indiana. He has degrees from several other universities, also. He was a newspaper reporter and editor for various newspapers until 1914, also a professor of oratory at Chicago's Kent College of Law.

NEW YORK—Mme. Irene Joliot-Curie: "I do not believe there is any possibility of aggression by Russia against anyone."

NEW YORK—In a new reply to President Truman's repudiation of "Henry Wallace and his communists," the former vice president said: "In a hundred speeches during the year, I have affirmed my faith in my country and its institutions."

Move Is Protective
However, the move unquestionably is protective and military in purport. As a matter of fact, Russian irritation is probably due to the fact that we beat the Soviets to the punch, as they have repeatedly demanded that they be given a base in Tripolitania as a part of their program to gain control of the Mediterranean.

Tripoli and all North Africa would still be in the hands of the Axis if it had not been for the intervention of the United States armies, which came to the rescue of the British after Rommel had all but succeeded in administering

PAY AS IT'S MADE

There is something fascinating about the idea—advanced by an official of the Westinghouse Electric Corporation—that buyers of heavy equipment pay for it, not when completed, but as it is being made. It is an adaptation of the pay-as-you-go policy which has worked well in the income tax field and which, no doubt, would be welcomed by many concerns.

The sponsor of the plan is G. G. Main, assistant treasurer of Westinghouse, and he feels it is peculiarly suited to present uncertain industrial conditions. There would be monthly payments to the manufacturer and they would cover cost of materials and labor. Naturally the program could apply only to large orders—Mr. Main suggests cases where the manufacturing period would be four months or longer and where the total cost exceeded \$100,000.

One of the plan's virtues is that it would be a money-saver in many instances, particularly those where the purchaser has idle cash at his disposal. By paying for equipment as it was being made the buyer would relieve the maker of the necessity of financing the operation and thus should be able to obtain his product at a lower price.

FACING GIGANTIC TASK

Philadelphia, the second largest city of the United States, is well into the task of preparing for the national convention of the two major political parties.

The biggest problem of the City of Brotherly Love will be housing the thousands of delegates and visitors who will seek lodging during the time of the conventions.

Republicans will have the freedom of the city—at stipulated rates for lodging and meals—during the week of June 21, and the Democrats will convene on July 12.

The first Republican national convention was held in Philadelphia June 17, 1856, and the one which is being planned will be the fifth meeting for the Pennsylvania city.

The Democratic party has held only one convention in Philadelphia, and that was in 1936, when the party nominated Franklin Delano Roosevelt for his second term.

WALKING ON EGGS

Report of the Department of Agriculture that the winter wheat crop is making good progress everywhere poses a political pricing problem for the administration in Washington.

At present government buying agencies are treading on eggs, fearful of being accused of putting up food prices. They plan to buy 75,000,000 bushels more wheat for foreign relief. Every time they buy, the price shoots up. In buying flour the government agencies are bidding under what the mills are willing to accept.

They mortally fear an accusation that the Washington boys are the real inflationists. The public has become convinced that foreign relief is the most inflationary factor in present price trends.

But with a big wheat crop coming on, government buyers may get the break they need. Good crop forecasts are price depressants. With some deft management government buying may overcome that and keep wheat prices near present levels. But most of the wheat left in the country is held by farmers, and a tight holding movement would boost bids for scarce grain before next harvest.

The woes of attempted government management are many, as may become evident before the combines begin clicking next summer.

WHY WE HAVE INFLATION

A number of excellent anti-inflation programs, which were designed to attack basic causes and not spar ineffectually with symptoms, having been proposed.

These programs have varied in detail, but they have all dealt with the same conditions—government spending, tariffs, subsidies, the wage-price spiral, etc. They have been widely praised by leading newspapers and magazines. Yet, their chance of adoption, at this time, is so remote as to be non-existent—politics must be played at the expense of the country.

The reason for that is the pressure groups. We all want to fight inflation at the expense of the other fellow—and to make none of the sacrifice ourselves. Farmers don't like to pay high prices for feed and machinery—but favor policies which may artificially keep the prices of farm products high. Business men talk about excessive demands by labor—but they vociferously favor policies which protect the price of whatever they produce. Labor blames industrial profits, even as it demands more and more wage hikes which will inevitably become a part of the selling price of goods. And public officials blandly ignore the direct relationship between government spending and inflation.

In time, a real anti-inflation program, which will call upon ever segment of the economy to do its share, may be forced upon us by dire necessity. In time, we may learn that abundance is possible only through work, and that big cash earnings which are more than offset by ever-rising prices do us no good. Until then, inflation will remain the most ominous domestic problem.

Fighting inflation has much in common with fighting a war—everyone must take his place somewhere in the lines.

As the Russians claim to have invented the electric light, radio, etc., it is understood any A-bomb the Red chum finally puts together is retroactive as of before Hiroshima. — Washington Evening Star.

Every one of the kids admitted that there is something radically wrong with the world today.

If they are not afraid, they who have to do the job, why then are we oldsters afraid?

Large Attendance Marks Campaign On Palm Sunday

With weather conditions moderately favorable, Palm Sunday attendances in the eight weeks Pre-Easter increase campaign being sponsored by the Lawrence County Sabbath School Association in which 75 Lawrence County Sunday Schools are enrolled, was generally good and continued the steady increase from Sunday to Sunday that the campaign has enjoyed since the start. A number of Sunday schools that have been putting forth intensive effort, had remarkable attendances yesterday, Sunday March 21. As Easter draws near, and there is just one more Sunday of the campaign, in addition to the Sunday school attendance goal, the other three constructive goals are being given extra emphasis. The Evangelistic phase is pretty generally stressed at the Easter season, and church attendance has a corresponding increase. Pre-Easter Bible reading is also being outlined by a number of churches and Sunday schools, an daily Bible reading is being urged.

Palm Sunday attendances, the total points and the total percentages, of the six, New Castle groups, will be published in tomorrow's issue, as well as yesterday's church attendance percentage, and the total church attendance percentages to date. Wednesday the figures for Ellwood, Wilkeson, Mt. Jackson and Wampum districts will be published, and Thursday, the standings for Pulaski, Slippery Rock and Plainsboro districts.

Only one more Sunday of this increase effort remains, and it is anticipated that Easter will be a fitting, and in some cases, record-breaking, climax to this successful campaign for bigger and better Sunday schools.

Highland S. S. Has Attendance Of 561

North Side Bible School Sets Goal Of 600 For Attendance On Easter Sunday

Sunday school attendance at Highland church Sunday reached a new high for the year of 561. This exceeded the previous Sunday by 10 and is 39 short of the Easter goal of 600.

In the five Sundays of the contest at Highland 293 visitors and associate members have been in attendance. 29 have attended three Sundays in succession and have been added to active rolls.

A number of adult classes had fine attendances, and large accumulations of points resulted. The Mercer class put on a drive for new members and visitors and had an attendance of 49. The Men's class with a special service had an attendance of 56 and secured 181 points for the day. The Baldwin class with four new members had a point accumulation of 161. The Vogan class made 140 points, and the Lindner class 143 points.

In church attendance, the Balph class leads with 100% and they were tied by the Wilkinson class with a perfect church attendance also. The department church attendance winner for the day was the Young People's department with 80%.

In the department contests, the Intermediate leads the Young People's 685 to 547, and the Junior leads the Primary 771 to 728. Miss Margaret Toepfer's class won the daily banner in the Intermediate department, and in the Junior department the daily winner of the banner was Mrs. Roy F. Conway's class. The Junior department now leads for the permanent banner.

a knock-out. Russia had no finger in this pie. On the contrary, she profited directly by our African invasion, which diverted Axis troops and planes from either Russian campaign, permitting the Soviet forces to halt the German advance and start their successful counter-offensive.

If we followed the Soviet pattern, we should simply take Tripoli and anything else we required in Africa by right of conquest and occupancy — just as Russia has taken what she pleased. Tripoli, fortunately, is one strategic area which our generous negotiators forgot to hand over to Stalin in secret conference. If we need an air base there, we should go ahead and restore the big Mellaha Field, without consent or apology. That is one way to get back some of the respect we have lost.

Around Hollywood

By JOHN TODD

International News Service Staff Correspondent

HOLLYWOOD, March 22.—(INS)—They all laughed when Ken Murray sat down to play with 250 birds. But today the cigar-chewing comedian is giving all Hollywood the bird. He showed the big movie brass how wrong they could be. Murray has just manufactured the danglest movie since old T. Edison brainstormed his magic lantern.

The famous flicker is called "Bill and Coo." The actors and birds. The way the feathered friends emote through 65 minutes of thrills and chills should make most two-footed thespians hang their heads in shame.

Released Next Week

The picture will not be released nation-wide until Easter week. But hard-hearted critics who have seen

Had Tough Time

The bird actors are part of an act in Murray's "blackouts," a combination vaudeville-burlesque-dramatic extravaganza that has been running six years in a theater near Hollywood and Vine streets.

Ken wanted to put them on the screen. He wrote a foolproof scenario—complete with drama, pathos, humor, suspense—and tried to peddle the idea to studios.

He ran into so many closed doors he started wearing a football helmet.

Then a guy named Herbert Yates, boss of Republic studios, figured if Columbus could take a chance, so could Yates. He gave Murray the green light and the former matinee idol promptly went into the red on his budget.

Many Languages

The bird film is the first to be "dubbed" in every known foreign language (except Russian) since before the last war. The musical background—which cost \$55,000 and is played by a 100-piece symphony orchestra—is so good Mur-

ray has made a phonograph album of the sound track.

"Bill and Coo," the dramatic story of two love birds, is a sure bet to cap an academy award next year.

But genial Ken Murray won't be as proud of a golden oscar as a letter he received from the White House after the picture was shown to the nation's No. 1 family the other day.

The Trumans think it is terrific, too.

The commercial exploitation of the Chilean nitrate deposits began early in the 19th century. Since that time, nitrogen has become the basis both of life-giving and death-dealing activities. As an essential plant food, nitrogen has greatly increased crop yields.

House May Open Debate Tuesday On European Aid

WASHINGTON, March 22.—The six and one quarter billion dollar foreign recovery program will be placed before the House Rules Committee today with a request for immediate approval so debate can open tomorrow.

When the Greco-Turkish aid bill was placed before the rules committee last year, the committee delayed action for several days and then cleared it to the floor by only a one-vote margin.

Bill is a veteran of World War II and served in Japan with the Signal Corps. Was in the service 26 months, being overseas one year.

MAHONINGTOWN PRESBYTERIAN

Tuesday evening at 6:30 the K. J. U. Bible class will have a tureen dinner in the church dining room. Wednesday evening at 7:45 there will be a special pre-Easter service. The pastor will speak on the subject, "What It Means To Bear The Cross". Union Good Friday service of three ward churches from 12 noon to three in the afternoon, at Mahoningtown Methodist church.

81 IN THE SHADE

Reports come from the ward that the thermometer showed 81 in the shade Sunday afternoon. Lilacs and pussy willows are in full bud and some shrubs in full leaf.

BACK AT LOCAL OFFICE

Ed. McBride, superintendent of Mahoningtown post office, is back on duty today. Mr. McBride was engaged during the past week checking letter carrier routes out of the New Castle post office.

INJURED BY SLICER

Ellis Shifflett, 47 years, of Cherry street, was treated at the New Castle hospital Sunday at 3:20 p. m. for injuries received when he caught his left forearm in a meat slicer. He was discharged later.

SEVENTH WARD PERSONALS

Mrs. Sara Johnson of 311 Newell avenue is quite ill at her home. She suffered a heart attack Friday evening.

Mrs. Blanche Hadley of Grove City visited over the week-end with her brother and sister-in-law, Mr. and Mrs. Paul Humphrey, of North Liberty street.

William S. Ford of 211 Newell avenue has returned to his home from Jameson Memorial hospital and is getting along nicely, and expects to return to his employment on Tuesday. Mr. Ford suffered a head injury in an auto accident on Mahoning avenue viaduct last week.

Louis Basto, J. D. T. Wampum road, who had been receiving treatment and observation in Jameson Memorial hospital, has returned home and is doing nicely.

Over a million square miles of Australia has an annual rainfall of less than ten inches.

SURPRISE BIRTHDAY CELEBRATION GIVEN

Saturday evening Mrs. Wendell Morris entertained at a surprise birthday party for Mr. Morris in their home, 131 Hillcrest avenue.

Cards and games furnished entertainment for the group of 30 guests during the evening, and later a lunch was served, buffet style, and a table prettily decorated in pink and white and centered with three birthday cakes.

Assisting the hostess were her mother, Mrs. Agnes Beatty; her sister, Miss Doris Beatty; and by Mrs. William Stewart.

Mr. Morris was the recipient of a number of lovely gifts.

MILLER-DUDASH BETROTHAL TOLD

Announcement is made of the engagement of Miss Betty Dian Miller, daughter of Mr. and Mrs. D. A. Miller of 411 Sampson street, and William A. Dudash, son of Frank Dudash of 161 Moorehead avenue.

Miss Miller is an operator for the Bell Telephone company and her fiancé is employed at the Standard Steel Spring company.

No date has been set for the wedding.

P.H.C. No. 5
Officers and members of the Protected Home Circle No. 5, assembled in their lodge rooms in the I.O.O.F. hall March 18 for the regular meeting, with Mrs. Pearl Jones presiding. Plans were made to invite the Hadley teams from Sharon for the spring class initiation. Under the direction of Mrs. Pearl Jones, the drill team held a practice.

A social time was enjoyed. A lunch was served in honor of Mrs. Mary Patterson, guardian for faithful duties in the past. Mrs. Pearl Jones was in charge and was aided by Mrs. Irene Emmerich and Mrs. Edna Ricer.

Mr. and Mrs. Tom Radford, district supervisor of Sharpville, were special guests. The next regular meeting will be held on April 1.

Hammers-Black

At a ceremony performed in the home of Rev. Harry Johnson, Edenburg, on March 9, Miss Barbara Maxine Hammers, daughter of Mr. and Mrs. Robert E. Hammers of Edenburg, became the bride of Richard W. Black, son of Mr. and Mrs. Lawrence W. Black of R. D. 7.

Mrs. Clark Brown served her sister as matron of honor and Thomas C. Kerr served the groom as best man.

Mr. and Mrs. Black have taken up residence in the John Fisher home on the Hillside-Mt. Jackson road.

Mr. Black, who served three years with the AAF in the Pacific theater, is employed by a trucking concern.

Naughty '46ers

Members of the Naughty '46ers club met with Catherine Spanish, 1701 Moravia street, on a recent evening.

Fire Chief Urges Community To Learn How To Fight Fires

Citizens Could Effect Big Saving By Learning How To Put Out Small Blazes

About a third of the fires put out by municipal fire departments are put out by hand fire extinguishers, Fire Chief James E. Thomas said today.

Emphasizing the importance of learning about fires, Chief Thomas said, "Fire losses in our community would decrease measurably if people would learn more about fires and how to fight them. Learning about fires is as easy as ABC—that is the way fires are classified."

Chief Thomas said that Class "A" fires involve wood, trash, paper and similar combustible material and can be fought effectively with soda and acid or foam extinguishers. Class "B" fires are grease, oil and gasoline fires and can be smothered with carbon dioxide, foam, or vaporizing liquid extinguishers. Class "C" fires are electrical fires and should be controlled with carbon dioxide, or vaporizing liquid extinguishers. In the case of electrical fires, said Chief Thomas, current should be shut off if possible. He said that extinguishers approved by the Underwriters' Laboratories should be used.

"We know that big fires are terrifying things and only professional fire fighters know how to handle them," declared Chief Thomas. "But every citizen should be prepared to put out a small fire safely, so it can never become a big fire."

"People would help their fire department keep the fire losses down if they would report a fire as soon as it is discovered, regardless of the size, and then immediately go into action with their fire extinguishers," concluded Chief Thomas.

Allegheny County Seeks Smoke Control

PITTSBURGH, March 22.—(INS)—Allegheny county planned to follow the City of Pittsburgh with a smoke law.

County Commissioner John J. Kane said that county commissioners planned to ask the Mellon Institute for a smoke control program.

Kane said that the law contemplated would not include small home owners.

According to the county smoke control engineers, the real culprits are railroads, power plants, businesses, hotels, apartment houses and hotels.

He added that large industries would be given full opportunity to develop new processes where high cost is involved.

Noble ladies in Oriental countries are said to have held tangerines in their hands while resting, so that the aromatic scent of the fruit would penetrate their palms.

Garden Notes

Plant as many tomatoes as you have room for in your Freedom garden. Rutgers is one of the best. Jubilee has good flavor. The little plum and pear tomatoes are fine for salads.

When the frost leaves the ground, the earth mound can be leveled from around roses, and the mulch removed.

Fruit trees, berry bushes or strawberry plants which were set out last fall should be checked to see if frosts have heaved them out of the ground. If the roots have been exposed, firm them back into the soil.

The Freedom vegetable garden to be complete should have a small bed of kitchen herbs. Many herbs are annuals and can easily be grown from seeds.

Seeds of hardy annuals such as poppies and Bachelor's button may be scattered on top of the ground in flower beds which have been raked and spaded.

Do not sow fine or light seeds in a high wind, for the result will make cultivation more difficult later.

Where the soil is heavy do not dig in the boards or vegetable garden until after the soil has dried out enough to lose its stickiness.

RATION AT THREE MONTHS GIVE CALVES GROWER

Calves three months old may be changed gradually over a period of two to three weeks from calf starter to calf grower rations.

Grower rations should be rich in nutrients with 16 per cent protein, most of it from soy oil meal or linseed oil meal.

Since most rickets in calves show up at this age, two pounds of irradiated dry yeast, type 9F, should be included in each ton of calf grower feed.

The following mixture has proved an excellent calf grower:

300 pounds ground shelled corn
200 pounds ground oats
100 pounds wheat bran
100 pounds of soy oil meal (or 125 lb. linseed oil meal)
14 pounds steamed bone meal or dicalcium phosphate
7 pounds salt
34 pounds irradiated dry yeast, type 9F.

Feed enough of this or a similar grain mixture to keep the calves in a thrifty condition. Keep the racks full of hay and see that they have water to drink at all times.

Turning them out in a dry lot when the weather is good will not hurt them, but do not put them on pasture until they are ten to twelve months old.

With this feed and care calves will grow one to two inches taller each month and three to four inches in heart girth between the ages of three and twelve months. This is the age when calves make their cheapest growth. Make the most of it and grow them well. Remember, rickets can be prevented but cannot be cured.

Atomic Energy Research Will Be Extended

WASHINGTON, March 22.—The government prepared to break new ground in the peacetime use of atomic energy in a search for information on its direct effect upon growing crops.

The atomic energy commission and the Agriculture Department announced jointly that the AEC will provide funds for research on the influence of radioactive materials upon plant growth.

The study will be undertaken immediately in a number of agricultural experiment stations co-operating with the Bureau of Plant Industry, Soils and Agricultural Engineering.

Scientists have long known that all soils are naturally radioactive to some extent. The tests are designed to show whether applications of radioactive materials will improve plant growth and, if so, to what extent.

The research will also be aimed at determining whether radioactivity will affect the time of maturity of the plant and whether the crop itself will have a significant degree of radioactivity.

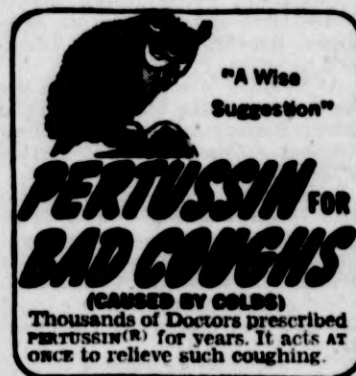

VOTED FOR STATEHOOD

The people of Hawaii voted two-to-one in favor of statehood at the one and only territory-wide plebiscite which was held in 1940. The plebiscite was recommended by a joint congressional committee which investigated Hawaii's application for statehood.

Parent-Teachers

Union Township P.T.A.
At Union high school, the Union Township Parent Teachers Association will meet on Tuesday evening, March 23, at eight o'clock.
A program will be presented, followed by a lunch. The nominating committee will be chosen.

Marlansburg Unit
Members of the Marlansburg P.T.A. met in the school building on Thursday evening with Roy F. Conway, assistant county school superintendent as the special speaker. The subject of the timely talk was on the new school system that is proposed and administrative units.
An Easter program was presented with grades three, four and five being heard in instrumental and vocal music and Easter readings.
During the business session a

report of the P.T.A. project for providing playground equipment for the school was heard. Some equipment has already been placed.
Lunch was served by the hostesses, with the next meeting planned for April 15, with Charles Andrews of the Bell Telephone company showing pictures on the development of the telephone system.

BOY SUFFERS BROKEN LEG IN FALL FROM MOW

George Anderson, aged 8 years, of R. D. 8, suffered a fracture of the large bone of the left leg, below the knee, when he fell from a straw mow in a neighbor's barn, early Saturday evening. He was brought to the Jameson Memorial hospital at 6:30 o'clock for treatment.

Identify Eight Crash Victims

Party From Rhode Island, New Jersey and Connecticut Met Death Near Laurel Hill

SOMERSET, March 22.—(INS)—Eight persons met instant death Saturday, a half-mile from Laurel Hill tunnel, off the Pennsylvania Turnpike, when a single-engine, ten-passenger plane crashed into the mountain country of Laurel Hill.

The plane apparently exploded as it hit the mountainside. Also on board besides the known persons, were six prize chow dogs being taken to St. Louis for a dog show. The plane did not catch fire. First reports had indicated that five persons perished, but further search of the strewn ruins revealed other bodies.

Victims Identified

State police identified the victims as George H. Armitage, 58, of Providence, R. I., owner of the plane; Herman Burlingame, 30, of Cranston, R. I., the pilot; his wife, Mrs. Ruth Burlingame, and their infant daughter, Kathleen; Mrs. Marvin Preston, of Redding, Ridge, Conn.; Dr. and Mrs. W. B. Maxon, of Flemington, N. J.; and Frank Fletcher of Stamford, Conn. He was handler for the dogs owned by Armitage.

Council Authorizes Purchase Of Three New Police Cars

In city hall session Monday, council, upon motion of Property Director Joe D. Alexander, purchased three Ford sedans from the Francis Motor Sales company, at their low, and only bid of \$4,951.62. Council also authorized the city clerk to advertise the three cars now in use, for sale.

Degree Team Entertained

Degree team of Rachel Rebekah Lodge No. 40 met Friday evening in the home of Mrs. Cora Fisher, 118 Richelleu avenue, for a business session during which plans were completed for a special project on April 12, followed by cards and bingo.

Prizes were won by Mrs. Anna Hawk, Mrs. Kate Withers, and Mrs. Charlotte Conley.

Later a delicious lunch was served with Mrs. Viola Nelson and Mrs. James Smith as co-hostesses. Rachel Rebekah Lodge will meet Monday evening at 7:30 in the I. O. O. F. hall.

Gayette Club Plans 500

Five hundred was the pastime when the Gayette club, formerly the S. G. G. club, met Thursday evening in the club rooms on South Mill street.

Prizes went to Mrs. Nick Lovaglio and Mrs. Andy Cerrell.

Next meeting will be in the form of a theater party in two weeks.

Theta Nu Club To Meet

Theta Nu club will meet Thursday in the home of Mrs. R. E. McGaffie, Wilmington avenue.

WOMAN 100 DIES

ALTOONA, Pa., March 22.—(INS)—Mrs. Mary Louise Burley, 100 last December 22, was dead today.

Mrs. Burley, who recently received a plaque from the medical society of the state of Pennsylvania as a centenarian, died at her Altoona home after a three-week illness.

She was born in Bennet Square, Chester county, and is survived by two daughters.

SILVER ANNIVERSARY OF HADASSAH

(Continued from Page One)

The speakers' table was centered with Hadassah's 25th birthday cake.

God Bless America by the assembly with Mrs. Leonard Smith, accompanying, opened the program and prior to the meal, Mrs. R. Rubenson gave the invocation. Mrs. Abe Cohen, president, welcomed the group and pointed with pride to the years of achievement now a record for the New Castle Chapter of Hadassah. She paid special tribute to the local chapter's founder, Mrs. Louis E. Kohn, and first president and then introduced her as master of ceremonies for the evening.

Principal Speaker

The principal speaker of the evening was Mrs. Irma Lindheim of New York City and Palestine, former national president of Hadassah and one of the five honoring vice-presidents long to have been identified with the Zionist cause. Since 1917 when she became a Zionist, Mrs. Lindheim has traveled extensively speaking and working for the Zionists, being a firm believer in the right of faith, hope and the right of freedom.

"The seeds of revolution flourish in the time of suppression," Mrs. Lindheim said. Today we have to fight for our lives, and for the lives of our people now in Palestine. Although for the past 25 years Hadassah has been established in Palestine, offering the use to all of its clinic and laboratories and hospitals, today, the Jews are being refused a homeland.

During her address, Mrs. Lindheim enlightened the audience of behind the scenes in Palestine, where she pointed out the great and humanitarian work the Jewish people were accomplishing. They are tilling the land, helping to nurse the sick, establishing the right of freedom in their people. They have sunk their roots in the soil, only to become uprooted by the frailties of those in political power.

Many Jewish Colonies
"There are many Jewish colonies in Palestine, and in spite of terrific odds they are still standing today," she said. The Youth Aliyah work in that country is tremendous; the children are the pioneers of tomorrow, they are living in a democratic way, exemplifying the love of brotherhood.

"How can the people living with such ideals in Palestine, be wiped out?" she asked the audience. The trek to freedom is a long and hard one, she outlined. And with the happenings in the United Nations as of last week, it is certain it will be a hard fight for freedom. The United Nations have bowed to Arab threats, and the morale of the Jewish people is now at low ebb, considering the fact that there still are 150,000 Jewish people still behind barbed wire in concentration camps in Europe.

"But," she cautioned, "the Jewish stamina is not to be deterred. It will go on. The real test is yet to come. We cannot stray in our belief to freedom. The answer is solidarity among the people. Strengthen yourself, for in this you will strengthen our people. Hadassah is doing its best work in Palestine. Continue this and nothing will down them in Palestine."

Honor Mrs. L. F. Kohn
A special honor was held during the evening's program for Mrs. L. F. Kohn, founder and first president. She has worked untiringly for the past 25 years in the interest of Hadassah.

With this in mind, members of Hadassah had a certificate merit drawn, authorizing the planting of a garden of 100 trees in Palestine in honor of Mrs. Kohn. Mrs. Gus Slovinsky made the presentation and Mrs. Kohn responded graciously pledging her whole-hearted support to the cause of Hadassah.

During the musical portions of last evening's program, a choral group sang the birthday anniversary song dedicated to Hadassah. Including were: Mrs. Harry Rosen, Mrs. Harry Baron, Mrs. Gus Slovinsky, Mrs. Henry Ginsburg, accompanied by Mrs. Leonard Smith.

As featured soloist, the group

heard Leonard Lawrence of Pittsburgh, a young man of great talent, who toured with "This is the Army" and is well known in the opera circles. He favored with a group of Palestinian selections and other selections in the lighter vein. He was accompanied by Franklin Watkins, Pittsburgh. Donor chairman, Mrs. Jack Conn gave the report of the event and thanked her committees and aides. During the evening's program, an impressive ceremony of lighting the birthday cake took part, with Mrs. Hyman Frank giving the dedication, assisted by Mrs. Pieron Caplan.

Mrs. Leonard Smith gave the benediction and the assembly sang, Hatikvah, closing the program. Mrs. P. Caplan, chairman and Mrs. P. Caplan, co-chairman worked diligently to make the affair successful in every manner. Those assisting in the details and arrangements were: Mesdames: L. F. Kohn, Human Frank, R. S. Rubenson, Jack Kulkim, Edward Myers, Jack Gerson, Irwin Rosen, Morton Love, Frank Haber, Jules Cobb and Abe Levine.

be cured if parents would do their jobs at home. "I don't care how big a shot you are," said he, "if your kids aren't raised right you're a failure."

Commenting upon the present inflationary trend, he said, "It's a currency inflation, with this funny money we're using. And mark this, no form of government in the world's history has survived when currency inflation really got underway."

A Democrat by political faith Majors was critical of the policies of President Truman. He would discontinue aid to Europe and strengthen America, would pay off the national debt by a two per cent national sales tax, would lower corporation taxes under an agreement that the undivided profits were put into circulation by expansion of plants and the establishment of more jobs.

Vaudeville Show

A number of gifts were distributed to some of the fortunate ladies present, with Mrs. Harry L. Gormley taking charge of this. Following the gift distribution a vaudeville show was presented.

Opening the program General Chairman Edwin J. William asked the guests to join in singing "America," directed by Al Bauman, Jr. The invocation by Rev. Thomas J. Jones, pastor of First Congregational church, followed.

The dinner, a most satisfying one, was served by the ladies of Chapter 440 of the Order of Eastern Star. At the conclusion of the dinner service chairman Williams spoke briefly and then introduced the toastmaster Harry L. Gormley.

Welcome By Clarke

Mr. Gormley was brief in his introductory remarks and then called upon the chapter president, J. Fred Clarke, to welcome the guests.

The toastmaster then introduced city, county and state officials who were present as guests, representatives of the Interstate Commerce Commission, Pennsylvania Utility Commission and guests from Allegheny, Beaver, Mercer and Crawford counties.

Al Bauman was in charge of the pep singing at the dinner, with the Ernel Barnstetter trio presenting chamber music during the service of the dinner.

The dining room was a picture with flags, colored paper and colored lights used as decorations. The decorations were in charge of Mrs. L. A. Pearsall.

The affair was the ninth annual Ladies Night dinner by the chapter.

Grass Fire Calls Union Twp. Firemen

Union Township Volunteer Fire Department was called shortly after noon on Saturday to the Jack Russell property on West Washington street extension where a fierce grass fire was endangering a number of buildings on the property.

The fire whipped by a high wind, succeeded in jumping across the highway and burned a large area in the rear of the Union High school. During the progress of the fire, the fire truck became embedded in the mud and had to be removed by a large trailer truck.

Urge Expansion Of City Hospitals To Accommodate Rurals

Committee Of State Medical Society Offers Proposal Following Survey

HARRISBURG, March 22.—(INS)—The expansion of city hospitals to accommodate rural medical needs rather than construction of new facilities was proposed by a committee of the State Medical Society.

The proposal ran counter to recommendations of a special state committee surveying Pennsylvania's hospital needs as a preliminary step toward commonwealth participation in a multi-million dollar federal hospital construction program.

Dr. Orlo G. McCoy of Canton told delegates to the society's annual county staff meeting in Harrisburg that "the rural problem in Pennsylvania is not as great as in many other states."

The Keystone state had a doctor-patient ratio of one to 800, compared to the national average of about one to 1,200, he said.

The state committee had recommended initial consideration of rural hospital building.

McCoy said the committee to which he belongs is surveying the state to determine the availability of doctors in rural sections. Fewer than 50 so far had claimed to need physicians, he added.

Rural towns really wanting doctors should offer attractive living conditions to secure them, McCoy suggested. Residents should try to help them find homes and offices and be able to offer them the service of schools and other facilities.

Letter Of Thanks Comes From Poland

Lawrence County Sabbath School Association has been responsible for a large number of duffle bags and cardboard containers being sent to those in need overseas, after first being forwarded to the Service Center in Maryland for renovation.

A letter was received yesterday from Poland by Robert M. Strickler, Jr., which had eight air mail stamps on it. It was written in German and was translated by Miss Mary G. Riffer, instructor of the senior high school. The letter is given below:

Greetings to the Strickler family! You will be surprised, indeed, to receive a letter from a stranger in a distant land.

Once again, in these times of confusion, families have been laden with gifts as an evidence of Christian kindness. Among others we have received some beautiful things from your family. We found your address among these. It made us very happy to know that in America there are good, kind people who are thinking of us.

It has been a dreadful time for us, as the enemy took all of our possessions. However, in spite of it all, we trust in God.

We trust that you are in the best of health, as this letter reaches you. We should be very happy to receive a personal message from you. Once again we thank you for the lovely things which we have received from you, dear Mr. Strickler. Unfortunately we cannot write English, but I hope you will be able to read my letter.

We wish for you a happy Easter-tide.

With sincere greetings,
THE FAMILY SCHMIMINSKI

Neighborhood House February Activity Is Revealed In Report

Many Outside Projects Carried On At South Side Sunday And Week Day School, Shown

Another interesting report has been made by Misses Christine and Jean Butler, co-workers at the Neighborhood House, located in Christ Methodist church, South Mill street, for the month of February. The two women made 40 calls during the month in the homes of the South Side area in the interest of the children in the homes not attending church.

Members of the different classes have been busy at various projects during the month. Girls of the sewing class are making aprons with the boys working on cushion tops. Smaller boys and girls are making patch work doll quilts under the leadership of their teachers, Miss Williams, Mrs. Howard Drake and the helpers.

Stamp and Travel club led by Charles Matney is growing. They have received curios for their shelf from China, Mexico, India, Tibet and Japan.

Members of the English class are learning to talk as well as read English. Memory work has been outlined for memorizing with all members who finish the work being entitled to go to Scotland W. C. T. U. meeting in April in the home of Mrs. Selma Reneker. Three boys from the home evangelism class have finished their work and learned the verses from the Bible in the Study Building Life's Temple. Their books were exhibited at the board meeting and passed by members.

Members of the girls home class have taken pride in their scrapbook work. Nancy Pandolfi is song leader for the group. Study of Lincoln's Gettysburg address or outstanding events in the life of George Washington was part of the work of the Junior American Citizens club. Boys of the Neighborhood House evangelism club have learned Ephesians 6:10 to 17. The Christian and his armor. The lesson will be used as a demonstration showing the defensive and offensive weapons of a Christian in his fight against Satan and his hosts.

Evangelist W. H. Brand of Fort Wayne, Ind., spoke and sang at one Sunday school service during the month with Mrs. Brand on the following Sunday on the bells and piano and giving a talk. Large attendance were noted both Sundays with real appreciation of the programs. A group of the Neighborhood children were taken to the Alliance church one evening and sang choruses during the evening.

Thirteen boys have become eligible to become members of the boys club. A group of boys and girls gave a demonstration of the work at the McGee class of the Second U. P. church. Donors for the month include: Central Presbyterian Bible school, Highland U. P. Bible school, Missionary Alliance school, Mrs. Fred Allen, Mrs. Gordon Paden, Mrs. David Baker, Mrs. Selma Reneker, Mrs. Hazel McClure, Miss Sarah Snyder, Miss Mollie Davis, Mrs. Anne Orend, D. F. Phillips. Three Bibles and one New Testament were given away.

Pymatuning Lake Gives Up Bodies Of Two Drowned Men

LINESVILLE, Pa., March 22.—

Ira Huff never gave up hope that the deep waters of the Pymatuning lake would yield the body of his son, Kenneth, 40, who drowned while duck hunting last November.

When the weather was good he and another son, Albert, would take a boat and travel up and down the lake seeking the body. When it grew cold and the lake froze over, the men tramped endlessly up and down the bleak shoreline.

Sunday, the long wait ended. As Ira Huff and his son walked along the shore, they came upon Kenneth's body.

Several hours later, at the opposite end of the lake, the body of John Aber, 53, of R. D. 2 Sharpville, was recovered.

Unity Baptist Aids Relief Plan

Unity Baptist Sunday school of Harlansburg has just sent a large cardboard container to the Service Center in Maryland in connection with the overseas relief campaign being sponsored by the Lawrence County Sabbath School Association. While duffle bags are better containers when they can be obtained, still those not having them may send clothing, shoes and other needed materials in cardboard containers, and they will receive the same reconditioning process and reach the same destination as the duffle bags.

Would Demand Aliens Bear Arms If Naturalized

By SAM FOGG

(N. Y. Staff Correspondent)

WASHINGTON, March 22.—Rep. Michener (R) Mich., chairman of the House judiciary committee, declared that he will press for enactment of a bill barring American citizenship to aliens who refuse to bear arms.

The legislation, already approved by the committee, would reverse a famous decision of the U. S. Supreme Court, which held in 1946 that the citizenship oath required of aliens did not compel them to bear arms in defense of the country.

Rep. Celler (D) N. Y., the committee's ranking minority member, termed the bill an invasion of freedom of religion. He pointed out that there are millions of people in this country, among them the Quakers, the Seventh-Day Adventists, Mennonites, Jehovah Witnesses and Brethren groups, whose religion forbids them from "killing or going to war to kill."

Would Change Oath The bill would change the citizenship oath to require an alien seeking naturalization to swear that "if required, I will bear arms in support and defense of the United States."

Furthermore, naturalized citizens who refused to bear arms "if

required" would face loss of their American citizenship.

The words "if required" meant that if Congress enacted selective service legislation exempting "conscientious objectors", as it has in the past, naturalized citizens of that category would not be required to serve.

However, alien conscientious objectors would have to take the

oath to "bear arms" before they could become American citizens. The new legislation is sponsored by Rep. Dolliver (R) Iowa, who stated he introduced the bill at the request of the American Legion.

The word silhouette, which commonly refers to a profile drawing with its outline filled in, in black, was named in mockery of Etienne de Silhouette, 1709-1767, French minister of finance, notorious for petty economies.

Why are more people achieving MORE SECURITY through EQUITABLE POLICIES than ever before?

SECURITY for our families and for ourselves is a goal all of us are striving to attain.

If these were normal times, this one fact might fully account for the record volume of Equitable life insurance purchased last year.

But the conditions under which we now live provide additional reasons why so many thinking Americans are investing more of their dollars in life insurance. Think for a moment in terms of yourself:

You are living in a period of inflation—of high prices and high taxes. Never has the purchasing power of your dollar been less for most of the things you buy. What would happen if you put more of your spendable dollars in life insurance?

With your very first premium you receive immediate protection—a guarantee of security that can't be obtained in any other way. It would take years of self-denial and saving to accumulate the amount of security that is provided at once through a life insurance policy.

Moreover, the benefits which you or your family will receive from your policy will come, in all likelihood, at a time when the dollar has regained a more normal purchasing power. In this respect, life insurance paid for today is bargain protection for the future.

EQUITABLE FAMILY GROWS
The Equitable Life Assurance Society of the United States—a non-profit institution operated solely in the interests of its policyholders and their beneficiaries—has been helping families build security since 1859.

More people purchased more protection through Equitable policies last year than ever before. New insurance issued amounted to \$1,170,000,000. A total of \$11,944,000,000 of insurance in force now safeguards the Equitable family of policyholders.

In line with this increase in protection, the resources of The Equitable Society increased \$322,400,000 to \$4,505,000,000, a new high.

Benefit payments last year from policies that were called upon to fulfill the purposes for which they were purchased, amounted to \$280,685,000.

FIGHTING INFLATION

Money used to purchase life insurance is non-inflationary, since premium payments represent funds diverted from consumption into channels of investment, where they help to increase the nation's industrial productivity.

Inflation is the enemy of everyone. The primary source of inflation in this country is the excessive supply of money and credit in our commercial banking system, reflecting unsound national monetary policies.

If we are to solve the inflation problem, we must first of all deal with this excessive supply of money in our banking system. It is useless to try to control prices through rationing, or through increased production, when the creation of money in the form of bank credit goes on uncontrolled. It is like fighting fire with one hand while the other hand pours on additional fuel.

Inflation can be restrained at its primary source if enough citizens, motivated by self-interest and recognition of the need for preserving the economic strength of the nation, make their demand for sound monetary policies known to those who represent them in Congress.

Unusual Rush For Licenses
In County Treasurer's
Office This Year

**OTHER EVENTS
IN COURT HOUSE**

It looks like a bad time for the trout in Lawrence county this spring. With the season not opening until April 15, the rush for licenses is already on in the office of County Treasurer Don S. Neal. Men, women and youngsters, men who have lived out the normal span of life, all of them want a license to go out and torment the trout next month.

Considerable stocking has been done in the streams of the county, but if the license rush keeps up there will be an average of a fisherman for about every three trout.

PREPARE FOR TAX SALE

County Treasurer Don Neal is preparing for a tax sale this spring, but the date has not yet been set. The possibility of a tax sale has brought many taxpayers in to pay their delinquent taxes before additional costs are placed upon them.

NOT GUILTY

After hearing the surety of peace case brought by Ernest Fork against Randall Shaffer, Judge John G. Lamoree found Randall not guilty, but divided the costs of the case.

Want Miners To Return To Work Before Parley

WASHINGTON, March 22.—(INS)—Soft coal operators may inform the government today that they cannot negotiate with John L. Lewis until his 400,000 miners end their strike.

Federal Mediation Director Cyrus S. Ching invited Lewis and eight leading operators to a joint conference at the Labor Department at 2:30 this afternoon.

The UMW president reluctantly agreed to have a union committee present at the session, but the mine owners have not replied.

Even if they agree to attend the government parley, the operators are expected to maintain the position which they took in a letter to Lewis last Friday.

At that time the industry officials offered to negotiate with the union on the pension dispute which led to the walkout if the miners first returned to their jobs.

East Brook Union

East Brook W.C.T.U. was entertained by Mrs. John Martin of Lakewood on Thursday evening. Mrs. Hugh Snodgrass was the leader using as her theme "Courage". During the devotional period, singing, responsive Bible readings and sentence prayers were heard. A poem "Flaming Geranium" was read by Mrs. Snodgrass.

Mrs. Bernice Chapin, Mrs. John Young, Mrs. Scott Kirk, Dorothy Martin and Mrs. B. Carr were heard in a group discussion. Others participating on the program included Betty Snodgrass and Della Kelly.

The business meeting was in charge of Mrs. Scott Kirk. A report was served by the hostess, aided by Miss Dorothy Martin and Miss Betty Snodgrass.

Spring Plowing Gets Under Way

—New Castle News Photo

Other farmers may have started their spring plowing earlier than Gerald Harlan of near Princeton, shown plowing in the picture above, but the News photographer was of the opinion that even Saturday was early enough. Mr. Harlan who farms 130 acres each year, said that he had made a few rounds several days before and that plowing was very good considering the amount of rain on Friday. He also said that he believed that he wouldn't be able to plow if it weren't for steel cleats on his wheels instead of rubber.

PERSONAL

Mr. and Mrs. John Jacobson, of Edenburg, R. D. 1, attended the funeral of Mrs. Katy Goodrick, wife of Howard Goodrick in Linesville, Thursday.

Mrs. E. B. Jeffress and daughter, Susan, Kay, of Jamestown, N. Y., have returned home after spending a few days visiting with the former's parents, Mr. and Mrs. J. H. Wigton, of Walpole.

Dr. and Mrs. S. W. Perry, of 227 East North street, have returned from a stay in Dunedin, Fla., at the Fenway. They were accompanied north by Dr. and Mrs. S. W. Perry, Jr. En route they stopped over at Pinehurst, N. C.

Mr. and Mrs. Harry Jenkins, Wilmington avenue, Mrs. Lewis J. Davies and daughter Melvina, 5 East Moody avenue, Arthur J. Rees, East Washington street, attended the anniversary services and Gymanfa Gynu on Sunday, at the Elm street Welsh Congregational church, Youngstown.

Former Resident Dies At Cochranton

Miss Della Vaughn, 217 East Laurel avenue, has received a message, telling of the death of her nephew, Kenneth Earl Browne, aged 34 years, on Sunday evening at his residence in Cochranton after an illness of nine months.

Born in New Castle, he was a son of Clarence C. and Edna Vaughn Browne. He was a member of Cochranton U. P. church and was employed at the Talon company, Meadville.

Survivors include his widow, Mrs. Ruth McMillen Browne; his parents, Mr. and Mrs. C. C. Browne; one sister, Mrs. Marie McFate, and two nephews, all of Cochranton.

Funeral services will be conducted Wednesday afternoon at 2:30 o'clock at Cochranton. Interment will take place in Cochranton. Friends will be received at the late residence.

With New Castle Afro-Americans

Bible Band of the Mahoning Avenue Mission will meet in the home of Mrs. E. Blackwell, 224 Mahoning avenue, this evening at 7:30 o'clock. The theme is entitled "The Unfruitful Vineyard".

Radio controlled switches are being tried experimentally on English railroads.

SEVERAL SMALL FIRES OCCUR OVER WEEKEND

Firemen were called out five times over the week end for small fires, most of them grass fires, Fire Chief James E. Thomas reports.

At 7:45 p. m. Sunday an alarm from Box 19 summoned firemen to home of Carl Wallace, of 906 Wilmington avenue, when some clothing which had been hung too close to a hot water heater caught fire. Damage of around \$35 occurred.

At 3:45 p. m. Sunday, Dick Beaman of 1308 East Washington street, drove his truck to Central fire station, when a short circuit was discovered in the wiring. Firemen quickly extinguished it.

At 1:25 p. m. Sunday, Fourth Ward firemen were called to the vicinity of the stand pipe at the top of Chestnut street by a grass fire. Grass fires were extinguished on Saturday afternoon near the Spring Works, and at 706 Harbor street.

DEAR FOLKS:
Have you ever noticed the kitchen in your home—how it seems drab and old fashioned. If yours appears to you like that then it is time you stopped in and let us show you how to brighten up and modernize that kitchen.
We carry a complete line of "Porta-Bilt" Kitchen Cupboards, Sinks and Bases. Also Marlite in most colors for the walls and ceilings. Just the thing to give you that needed uplift with house cleaning time coming up.
Will write next week.
Your son,

Recaptured Slayer Is Back In Cell In Dauphin County

Deputy Warden Resigns Job Due
To Nervousness, Simmons
Faces Chair

HARRISBURG, March 22. — (INS) — A security cell in the Dauphin County prison today was the temporary home of Ray Simmons, of Mechanicsburg, 25-year-old convicted slayer returned to the prison after 17 hours of freedom.

Simmons, facing the electric chair, was locked in by turnkeys after he was brought back to Harrisburg from Charlottesville, Va., where he was captured Friday night by police.

Deputy Warden Quits
Last night Warden Edward R. Etter reported the resignation of Deputy Warden Melvin C. Miller, of Penbrook.

Miller said he was in "ill health" and that the deputy's job was "hard" on his nerves, in a letter of resignation to Frank Wilsbach, head of the prison board.

Etter said Miller was not on duty when Simmons fled the jail with Edgar Via, 28, of Harrisburg, charged with larceny and aiding an earlier jail break. Via was detained by Virginia authorities.

School Teachers Strike Is Ended At Minneapolis

MINNEAPOLIS, March 22. — (INS) — The second largest public school strike in United States history ended today with the re-opening of 92 Minneapolis schools.

The 1100 teachers had walked out 29 days ago to support their demands for higher wages. The strike followed a budget cut made to cover an anticipated \$2,000,000 operating deficit.

The walkout affected 65,000 pupils and 1,100 non-union teachers. It was surpassed only by last year's strike in Buffalo, N. Y.

The striking teachers voted approval yesterday of an agreement between the Minneapolis School board and the AFL-American Federation of Teachers.

Hunt Holdup Gang At Youngstown, O.

YOUNGSTOWN, O., March 22. — (INS) — Youngstown police today were continuing their search for bandits who late Saturday night held up an A&P market and escaped with \$1,000.

One of the holdup men walked into the store, while the others waited outside. The manager, Robert A. Small, was forced at gun point to open the safe.

Small was then forced to lay down on a water soaked produce floor while the bandits made good their escape.

The Mayas are said to have often bet their lands, clothing and even their personal liberty on the outcome of ball games.

Another Record Farm Crop Is U. S. Forecast

Agriculture Department Makes Report On Intended Crop Acreages

WASHINGTON, March 22.—(INS)—American farmers were poised today to deliver another record crop of food and feed in 1948 barring unforeseen factors such as bad weather and a sharp downturn in farm prices.

The Agriculture Department, reporting intended crop acreages for the year, said "farmers apparently interpret current economic conditions as promising favorable returns from investments and efforts in farming."

The department said the corn yield could run as high as 3,000,000,000 bushels if nationwide production is equal to the 1942-46 average. This would be one-fifth larger than last year when corn was badly hit by drought.

Encouraging Outlook

If production of spring wheat comes up to the 1937-46 average, the yield on acreages proposed for this year would be about 272,000,000 bushels. Combined with earlier estimates that the winter wheat crop will be around 839,000,000 bushels, this would make a total wheat crop of 1,110,000,000 bushels.

Agriculture Secretary Anderson termed the report on acreage intentions "most encouraging."

He pointed out that grain prospects are still of first concern in the uncertain world situation. The Agriculture Department said earlier that the government will have to begin buying grain for export from the new crop before July 1 in order to maintain the flow to deficit areas abroad.

Anticipated 1948 yields of other grains, on the basis of past averages, are 1,370,000,000 bushels of oats—13 per cent above last year—and 284,000,000 bushels of oats—13 per cent above last year—and 284,000,000 bushels of barley, 4,000,000 bushels above the 1947 crop.

Specially treated paper cords with a steel center and coated with plastic resin are now made into a new kind of clothesline which will not stretch or sag, is unaffected by weather conditions, will not rot, and can be wiped clean with a damp cloth.

SPRINGTIME LAMENT

New Castle Public Schools

One of a series of articles concerning the public schools of New Castle. Written by a member of the New Castle Chapter, Pennsylvania State Education Association.

READING READINESS

A six-year old child enters school for the first day very self-confident that by the end of only a few short weeks he will be able to read a book. All too often the child is disappointed since the reading process is not as simple as that. All six-year olds are not ready to read, even though they have reached the proper age for school admittance. All too often failures in first grade can be attributed to this one factor—the child was not ready for school.

Fortunately the schools of today have realized this readiness need, and have worked out a program of reading readiness as the first stage in the formal reading program. In this program language development and facility are a large part. A child with a small and imperfect speaking vocabulary can hardly be expected to do much reading. A wide background of experience is necessary for the child. The child must have experienced the situations about which he reads if he is to understand them. A child who has visited a farm and knows all about animal life on the farm will better understand and enjoy stories about the farm, than the child who has not been away from his own dusty street or crowded playground of the city.

Adequate mental maturity is necessary, and for this there is little to do but wait, since it is a factor of time and the child's own rate of development. This time, however, can be used to good advantage. Helping a child to adjust himself to his immediate environment will help him to mature mentally. He meets many new

situations when he starts to school—situations that are entirely apart from his reading experiences. If he does not meet these satisfactorily he can hardly be expected to make much progress in reading.

In addition to wide experience, language development, and mental maturity, the child must be in good general health with normal speech organs, normal two-eyed acuity, and normal auditory facilities. If there is any doubt as to the normality of any one of these, parents can help their child by having tests made and any defects remedied before he starts to school.

To be sure that a child is ready to read, attention must be given to all phases of development. One cannot be over developed and another neglected if the child is to meet with the success he deserves in first grade.

German War Bride Is Disillusioned Seeks Her Freedom

Tells Pittsburgh Magistrate That Husband Beats Her, Charges Are Denied

PITTSBURGH, March 22.—(INS)—Mrs. Gertrude Loter Pantoni, 28, a German war bride, likes Pittsburgh but has developed a dislike for her ex-GI husband, William, 24.

Mrs. Pantoni charged at a morals court hearing that her husband administered "many beatings." Holding her 13-month-old son, Ronald, up to Magistrate Frank T. Halloran, she said that her husband only wanted the child here, not her, and asked for her freedom so she could "work to take care of my children and send packages to my mother in Germany."

Pantoni denied the charges, telling her, "Don't talk like that."

The couple met in Magdeburg, Germany, near Berlin, three years ago, where Pantoni, three years ago, was an army private. He is now drawing \$20 a week on veterans' unemployment compensation.

Pantoni was charged with assault and battery and released on \$1,000 bond, with a further hearing Tuesday.

Carbon black was first used by the tire makers to give new-corded fabric and rubber tires a color which would distinguish them from old style fabric tires. Soon technicians found that by adding more and more carbon black, the average life of a tire tread could be more than tripled.

Trinity Episcopal To Conclude Series

Trinity Episcopal church will close its Lenten series of services this week. Holy eucharist will be observed Wednesday and on Maundy Thursday mornings at 7 o'clock. Confirmation instruction class will meet Wednesday afternoon at 4 o'clock in the church. A Litany service will be conducted Wednesday evening at 8 o'clock with members of the Daughters of the King as hostesses at a fellowship hour following the sermon.

PARADISE FOR PAIN

If you need relief from the excruciating pain of rheumatism, neuritis, neuralgia, sciatica, lumbago, or aching muscles, try the new Instant Blood Rushing into the aching pain spot. You feel the above pain in paradise. Try RIGAN'S R.A.M.—it's to 10 times as effective as other leading pain killers—at all drug stores.

Holy eucharist will be observed Thursday morning at 10 o'clock with the office of Tenebrae service in the evening at 8 o'clock. Good Friday's meetings will open with ante-communion at 7 a. m. A three-hour service will begin at noon with the theme, "The Seven Last Words of the Cross", being used. There will be an acolyte meeting in the evening at 7:30 o'clock. Baptism will be administered Saturday evening by special arrangement.

City-County Tourney Opens With 3 Tilts Tonight

Morella Dairy—Bessemer Universal—Gus Big Five, Elks—Plaingrove On Card

Six of the sixteen "fightin' fit" teams of the City-county cage tournament will open fire tonight as the lid blows off the Optimist club-sponsored games at the George Washington high gym.

The action promises to be fast and thrilling right from the opening blast of the whistle. At 7:15 the Morella Dairy Bar meets the Bessemer Legion, the 8:15 "go" pits the Universal Pottery against the Gus "Big Five," and the finale, scheduled for 9:15, will see the top-seeded New Castle Elks battling the dark-horse Plaingrove alumni.

This should be enough top-drawer basketball to suit the most avid of the fans, and it all can be seen for the admission price of 50 cents. No seats will be reserved—it's simply first there—first in the perches.

Three More Wednesday

After a one-day lapse, time to carry out the bodies and allow the smoke to clear, three more pairings will be run off. These will be the Kelly Five vs. DeCarbo's (Calabra Club), American Legion of New Castle and the New Castle Eagles, and the East Brook Boosters vs. V.F.W. Post 315.

Thursday the first round will end and the first pairing of the second round will be staged. The second round will conclude next Monday, with the semi-finals set for Tuesday and the championship encounter on April 2.

All money raised in the tourney will be used to further boys' work in the community by the Optimists. This up-and-coming organization has already done commendable work along this line and hopes to continue. Their next event will be the second annual marble-shooting tournament, scheduled for May.

If you like basketball (and who doesn't?) and would like to help a worthy cause while enjoying all the thrills of the sport, plan to be on hand tonight. And come early.

Local Boxers Lose Decisions

According to word received at The News, two local boys fought in the main event and semi-final bouts of boxing matches at New Kensington Friday night, while a third boy was not permitted to box a scheduled bout.

Mike Gasendi, Ellwood A. C., dropped a split decision to Jimmy Ameris of the Arnold A. C. in the main event of matches at the high school auditorium in New Kensington. It was reported to be a bout that the judges could have voted either way and the split decision went to the home town boy. They weighed in at 130.

The semi-final, another bout in which the judges split their decision, saw Les Leasure of New Castle battle Jimmy Casson of Sharpsburg in a middleweight duel. Casson's long reach and height proved tough for Les, but Leasure evaded the fight with blows to the body. The referee gave the decision to Casson.

Johnny Perillo of New Castle was refused a bout when his scheduled opponent wouldn't fight him, claiming that the New Castle boy looked too good.

Can't Keep A Good Man Down

LOU BRISSIE

His left leg horribly shattered during World War II, Lou Brissie, pitcher with the Athletics, has made the long comeback trail after experts said he would never hurt a baseball again.

Wearing a special brace, Brissie won 23 and lost 5 with Savannah in 1947 and this year hopes to stick with the A's. Connie Mack has every confidence in the 23-year old chucker who has surmounted a tough hurdle and seems on the threshold of a brilliant major league career.

Double Woe: Herb Stewart Can't Play Football For Or Against Red Hurricane

D. Herbert Stewart, star guard of the 1944-45 New Castle high grid teams, has experienced a double disappointment.

"Herb," who was discharged from the U. S. Marine Corps in December of 1947, has one more year of high school remaining. He would have liked to have finished his public school education in his home town, but he couldn't do so and play his first love—football—so he has enrolled at Youngstown East high.

However, under existing regulations governing the eligibility of players according to age, "Herb" will not be in the lineup when the Ohioans tangle with the Red Hurricane here this autumn. Since he is 19 years old, the former Red and Black star will have to watch this one from the bench.

"Herb's" competitive spirit and love of the game makes this a big issue with him.

"I would have liked nothing better than to have been in the lineup when we play New Castle," said the 175-pound husky, "but when an Ohio team crosses into Pennsylvania we have to abide by the WPIAL ruling and that leaves me out."

All of which probably doesn't make New Castle coach Phil Bridgman unhappy, since "Bridg" can well imagine the havoc husky "Herb," his one-time star, could wreak at Taggart stadium.

Hopes Leg Is In Shape

Right now the only thing bothering the former Ne-Ca-Hi ace is the condition of his leg which has undergone an operation for a nerve rupture. He injured the member against Altoona in 1945 and aggravated it when playing service ball overseas.

"I think the operation was a success, though," he stated, "and I'm

"HERB" STEWART

age performer, he nailed down a guard position in the Hurricane forward wall and glorified in the rough going.

He will attend summer school sessions and upon graduation will go on to college somewhere. He has already been approached by quite a few schools who would like to have his aggressive spirit and husky frame on their forward wall.

Following his Marine boot training, Herb served in China for 18 months with the finest Marine Division. He is the son of Mr. and Mrs. Donald Stewart, 136 Hillcrest avenue.

Special Meeting Of Umps Tuesday

There will be a special meeting of the Lawrence County Umpires at the "Y" Tuesday evening at 8 o'clock, it was announced by President Albert Conti.

Any new members wishing to join the organization will be welcome.

Rebels Triumph Over Wings Five

Drawing first blood in the House league championship play-offs, the Rebels took the measure of the Wings Saturday night at the "Y," 38-33. Hamilton and Kerr each caged 14 points for the winners. J. Fair with 13, was high for the Wings.

Boosters Will Meet Tonight

Plan Further Discussion Of Baseball Testimonial Banquet April 21 At Cathedral

Members of the New Castle Boosters Club will have another meeting tonight at 8 o'clock at the Castleton Hotel, to further discuss plans for the big testimonial banquet for the Mid-Atlantic league team at the Cathedral Wednesday, April 21. Richard E. Rentz will have charge of the meeting.

A report will be heard from the arrangements committee: William Usselman and Arwood Eckles. J. Preston Flaherty will probably have a report to make on the securing of a nationally known speaker.

Request Full Turnout

President Rentz of the Boosters requests a full turnout of members tonight. Various committees to handle the banquet details will be announced.

The Boosters hope to make this banquet one of the finest of its kind ever held here. By the time the banquet rolls around Owner John Gabri, Business Manager George Smith, Playing-Manager Bob Crow, and the players will be here and in midst of training for the season lid lifter May 7th. The banquet will serve as a medium for the fans to acquaint themselves with the new baseball club here.

Tickets will be sold to every man, woman and child in Lawrence county who are interested in baseball. The Boosters have set a goal of 1,000 for the dinner. New Castle is getting back of the ball club 100 percent.

DONKEY GAME TO DRAW CROWD

Indicate Packed Arena Wednesday For Lions Club Benefit Donkey Basketball Game

Something different always draws a crowd.

The Lions club benefit donkey basketball game at the Arena Wednesday night at 8 o'clock will pack them in. New Castle has never seen an attraction of this type. It is the funniest thing on record. If you can picture the staid members of the Lions club riding those small burros you know what to expect.

Plenty of Laughs

The Lions will play the Darlington Little Beaver Lions club team. An evening of riotous laughter is in store for the fans who will see this unique contest. The prices are 80 cents for adults and 50 for children.

For an evening of real entertainment and fun you shouldn't miss this game. You may have been present at a donkey baseball game here years ago, but donkey basketball is strictly a new game. New Castle has never seen anything like this before.

The Lions are hoping to raise a nice sum by this game for their Tailtwister Fund.

Two Floor Games At East Brook

There will be two basketball games at the East Brook High floor tonight. The East Brook Boosters will play the Stambaugh Merchants of Sharon in the first game at 7:15 o'clock, and in the second game the East Brook Boosters will keep in trim for the Optimist tourney by playing a strong team, hoping to record their 23rd win of the year.

CATCH BIG FISH

Howard Muncrief, 415 Edgewood avenue, Alex DeAngelis, Mahoningtown, and Carl Hatcher of Hillcrest avenue, had a very successful fishing trip Saturday morning at French Creek in Venango County, returning with an 18-pound carp, caught by Muncrief, and 6-pound sucker caught by DeAngelis. They report the waters as high and muddy.

Briefs From Major Camps

(By International News Service)

Jackie Robinson, Brooklyn's great Negro first baseman of 1947, may be at second base, his natural position, this season.

Bobby was used at the keystone sack at Trujillo City yesterday as the Dodgers took a 10-inning, 8-7 game from the Dominican All-Stars.

Big John Mize

served notice that he again will be gunning for the home run crown this year when his two circuit clouts sparked the New York Giants to a 14-5 win over the Indians. One of the first baseman's round trippers was made off Bob Feller, Cleveland mound ace, with the bases full.

Other star hurlers who got their lumps were Johnny Sain and Hal Newhouser. Sain was charged with a 5-3 defeat inflicted by the "B" team of the New York Yankees. Prince Hal was the losing hurler as Detroit bowed to Washington 5-2, with rookie Al Kozar collecting four hits for the Senators.

Two highly-touted rookie hurlers came through with grand performances. Howard Fox allowed only two hits and no runs in five innings as the Cincinnati Reds downed the Boston Red Sox, 4-1, for their fourth straight victory.

Lou Brissie of the Athletics held the Phillies hitless in the last four innings and was credited with a 3-5 win.

The varsity team of the New York Yankees beat the St. Louis Cardinals, 5-2. Sherman Lollar, New York catcher, walloped two doubles and a single.

Pittsburgh's Pirates blanked the St. Louis Browns, 2-0.

In games with Pacific Coast teams, Chicago's White Sox blanked San Francisco, 7-0, and the Cubs lost to Oakland, 4 to 1.

Beaver Falls Legion Repeats As State Champ

Beaver Falls American Legion basketball team won the Pennsylvania American Legion basketball title for the second straight year by defeating Berwick 73 to 48 at Beaver Falls.

This win entitles Beaver Falls to represent the state of Pennsylvania in the national American Legion tournament at Jeffersonville, Ind., on April 1, 2, 3 and 4.

The Pennsylvania entry has drawn a "bye" in the first round, their second round game will be against the winner of the Idaho-South Carolina game. This will be played on Friday, April 2, at 9:30 p. m.

Lineup:

Beaver Falls	G. F. P. Berwick	G. F. P.
Beaver Falls	8 0 16	10 0 20
Beaver Falls	2 3 6	3 1 5
Beaver Falls	3 2 12	3 4 10
Beaver Falls	2 0 4	1 1 3
Beaver Falls	4 1 9	2 1 5

Billinkens Spurn Olympics

NEW YORK, March 22.—(INS)—the collegiate bracket will be Ken New York university's basketball tucky, the probable favorite as a team was regarded today as "practically assured" of being picked to substitute for the St. Louis Billinkens in the Olympic trials at Madison Square Garden. The Billinkens declined the invitation last night.

Eight crack teams will play in the tourney, which starts March 27. The remaining three teams in the collegiate bracket will be Ken Phillips Ollers, AAU champions; Denver's Nuggets, Oakland's Bittners, and Brooklyn's Prospect "G" national Y. M. C. A. victors.

HERE AND THERE IN SPORTS LAND

SUGAR RAY ROBINSON believes Joe Louis will defeat Jersey Joe Walcott in their June fight. He points out that Joe always does better the second time against an opponent. Incidentally Sugar says he seldom goes to a fight unless he is a participant. Relative to larger boxing gloves for fighters, he believes in the idea, and further believes that a referee should stop a contest immediately when it becomes one-sided. . . . Union Cities award will be made March 25, not the twenty-fourth, Carm DeLeone reports. . . . Dave Hopkins, the harpist, is also well versed in Welsh folk song. . . . Jack Besselman vs. Jimmy Sanders is one of the tens on the Gus Lesnevich exhibition fistic show at Pittsburgh tonight. They have clashed twice, once to a draw with Sanders taking the nod in the second fight. . . . The card for March 30 in Ellwood City, has been completed, and is as follows: Frank Moran, New Castle vs. Irish Billy Miller, Pittsburgh, 8 rounds, 147 pounds; Russell Baxter, New Castle vs. Johnny Watson, Charleroi, 6 rounds, 160; Johnny Izzo vs. Bill Bradley, 6 rounds, 158, both of New Castle; Chuck Gibbons, Ellwood City vs. Drexel Vickers, 4 rounds, 147, and Chuck Nulph, New Wilmington vs. Paul Powell, Aliquippa, 4, 135 pounds.

Five hundred and seventy-six pheasants have been stocked, 474 by the state and 100 by the Lawrence County Sportsman's Association, in Lawrence County. . . . At 11:30 a. m. Wednesday a truckload of rainbows will arrive at New Wilmington for stocking in the Little Neshaunock, and at 3:30 p. m. Friday, four truckloads, containing 8,000 trout will arrive for the Slippery Rock creek. The trucks will be at Elliotts Mills and Fish Protector Clint White needs aides to help stock. . . . Wisconsin State Bowling Association will add a diamond to all medals awarded to bowlers who roll a 300 game in the annual state tournament. . . . Robert Rolli, Sr., of Lovellville is one who bowls in nine leagues, which finds him on some alley every night in the week. However, Chester Smith of Detroit, has him beat. He bowls in 11 leagues, which also finds him away from home every night in the week. . . . One thousand have applied for applications to take examination for admittance to the state's game commission's training school. . . . Little Sugar creek and Big Conneautte creek in Crawford County, have been stocked with trout. . . . Current issue of Sport contains a blistering attack by Dan Parker, New York sports scribe, against money and sport promoters and ticket racketeers. Just about every sport is lambasted by Parker.

GUS BIG FIVE WINS

The Gus Big Five to get in trim for the Optimist club tourney, went to New Wilmington Saturday night and defeated the Sigma Nu fraternity team 60 to 34, with Don Black and Koonce starring, the former with 17 points, the latter with 10. Krakowski was best for the losers with 15 points. The Gus Five led at the half 30 to 11.

WILL STAGE WORKOUTS

The Washington-Colonial basketball team will have a workout Tuesday, Wednesday, Thursday and Friday this week at 11 a. m. at Washington High field, with the following asked to attend: Dick Chandrick, Bob Dickson, Jim Harlan, Dick Burr, Don Brooks, Benny Mastern, Dick Coles, Don Conti, Dick Louis, Lou Bender, David and Francis Tempesta.

Organize Sylvan Heights League

A. J. Lombardo Elected President At Meeting Sunday—Twelve Teams In Fold

One of the strongest leagues in many years is indicated at Sylvan Heights golf course this summer, with 12 teams anxiously awaiting the opening of the season, which will be on April 21. Final organization of the league was effected at a meeting held Sunday afternoon at 2:30 o'clock at the Sylvan Heights clubhouse.

Officers elected for the season were: president, A. J. Lombardo; vice president, Fred Lombardo; secretary and treasurer, Ted Lach. The 12 teams which have been granted franchises are: United Engineering and Foundry Co., Johnson Bronze Employees association, Shenango Pottery, Standard Steel Spring Works, Universal Sanitary Manufacturing Co., Tempy's Beach club, Castle club, Duca Degle Abruzzi, New Castle Elks, Ellwood City Elks, New Castle Moose and Sons of Italy.

Another meeting has been called for Sunday afternoon, April 4, for the league officials and team captains. A get-together of all the players will take place Saturday evening, April 17, with lunch and refreshments, when final plans will be announced for the season's play.

Fight Managers, Promoters Given Safety Ultimatum

NBA Throws Boxing's 'Hot Potato' Into Laps Of Those Concerned

PHILADELPHIA, March 22.—(INS)—The ancient fable about the goose that laid the golden eggs may soon become required reading matter for all fight promoters and managers.

The language of the tale should be clear enough for them, and the moral quite apparent in explaining the National Boxing Association's recommendations on ring safety arrived at during the weekend NBA meeting in Philadelphia.

President Abe J. Greene and representatives from nine states dumped the problem into the laps of promoters and managers who fail to live up to their "obligations."

The NBA urged member states to act severely with suspensions ranging up to life for managers who "wilfully sign boxers they know to be improperly conditioned or physically inadequate."

"It's up to managers and promoters to take the responsibility for keeping boxing safe," Greene declared.

The NBA asked state commissions to hold any promoter or matchmaker responsible for "presentation to the sports public of proper merchandise." It recommended that in each application for a bout, promoters should furnish a sworn statement listing the results of the last six bouts of each feature contestant.

Venerable Gus Fights Tonight In Pittsburgh

PITTSBURGH, March 22.—(INS)—Venerable Gus Lesnevich, the world's light-heavyweight champion, crawls through the ropes at The Gardens, Pittsburgh, tonight to give a four round exhibition in the main event of self defense.

Gus, who like good whiskey seems to get better with age, will box two rounds with his stablemate Andy De Paul, a welterweight. These two rounds are to show the crowd Gus' speed and punching ability.

The champ then is to go two more rounds with Shelton Bell, a lightweight from Youngstown, to demonstrate his hitting power. He undoubtedly will belt Bell a couple of good shots on the whiskers to make the fans oh and ah.

The four round exhibition is incidental to a card that includes three ten round fights.

In the top ten, Cosby Linson, one of the better welterweights in the country faces classy George Larover of Philadelphia.

Abrams 'Sugar' Bout Postponed; Champion Injured

CHICAGO, March 22.—(INS)—The scheduled bout between welterweight champion Sugar Ray Robinson and George Abrams has been postponed because of a hand injury suffered by the titleholder.

The bout originally was set for March 31 at Chicago's International Amphitheater. Promoter Irving Kovin said he had ordered Robinson to appear today before the Illinois state athletic commission for an examination of the injury.

Announcement of the postponement was made last night after Robinson asked for time for the hand to heal. He said it was injured last Tuesday night at Buffalo, N. Y., in a fight with Henry Brimm. The welter champion also had been scheduled for a four-round exhibition tomorrow night at Michigan City, Ind. However, promoter Tex Nunnally said the match had been canceled.

Bogey was the first international term used in golf, and generally was known as "Colonel Bogey." It came into use during the early days of the game when shooting par was not an accepted thing.

HERSHEY BEARS

END ICE SEASON

HERSHEY, Pa., March 22.—(INS)—The Hershey Bears defeated the Washington Lions 10-7 in the Sports Arena Saturday night and closed the regular season with a record of 25 victories, 30 losses and 13 ties.

The Bears, last season's American League hockey champions, managed only to clinch third place

in the Eastern Division this year and will meet the Pittsburgh Hornets tomorrow night in the arena. More than 7500 spectators saw the Lions center, Ken Schultz, ram four goals home to shade the three-time "hat trick" registered by Hershey's Herbie Cain.

Jack Browne holds the world's record for depth diving, (artificial conditions) established in 1945, when he attained a depth of 550 feet in a simulated dive.

PIAA Play-Offs Gather Momentum

Six Class 'A' Survivors Meet This Week; Irwin-Gallitzon Wednesday

(By International News Service) Six survivors in Class A inter-district basketball playoffs sponsored by the Pennsylvania Athletic Association will meet in three scheduled games this week. Norristown high school will be idle.

Conemaugh, with a record of 21 wins and five losses during the regular season, will meet Ford City in the WPIAL championship game in Pitt Stadium.

Westinghouse, Pittsburgh titleholder, is scheduled to face Warren at Warren tomorrow night but the tilt may be postponed until Wednesday evening to enable the teams to meet in the Farrell High school gym. Westinghouse has been idle since March 5 when the city crown was won.

In the East, Plymouth and York will battle it out in Kingston arm-

ory across the river from Wilkes-Barre. Plymouth worked into the semi-finals by topping Williamsport Friday night 45-32.

The victory will journey to Philadelphia March 30 for a game with Norristown in the University of Pennsylvania palestra to decide the Eastern champion.

In class B competition, Irwin will meet the winner of the Gallitzon-Stoney Creek Township game in Pitt Stadium Wednesday night while Weatherly will test Bridgeport. The game may be played in Allentown.

Irwin captured the Class B crown last year and during the last regular season compiled a record of 24 wins and two defeats.

An informal scrimmage against Army, at West Point April 10, will mark the Spring football drills now underway at Penn State. Coach Bob Higgins said he may arrange still another scrimmage for the post-Easter period.

On Aug. 12, 1941, William Greene of New York, playing on the Apawamis Course, Rye, N. Y., made the 340-yard 11th hole in one—believed to be a record.

BRONZE EMPLOYEES WIN

The Johnson Bronze Employees Association basketball team defeated the Johnson Bronze Local 69 team in a benefit game Saturday night at the Catholic Center floor 63 to 59, with Guinagh, Grybo, Pace and Fraser starring for the Employees and Rote, Fruit and Tomalelio for the losers. The game was tied four times in the final period. At the half the Local 69 led 26 to 16. The game was a benefit for the Walter Baron family.

JR. CHURCH LOOP RESULTS The following results were posted in the Junior Church league Saturday: Trinity, 19; First Christians, 17; First U. P., 27; St. Paul, 30; S. S. Alliance, 27; St. George, 19; Croton, 5; First Methodists, 24; Epworth, 17.

Jack Biery, of Franklin, topped Penn State basketball scorers for the second time in 1948. His 95 field goals and 70 free throws gave him a total of 260 points for the season. Trailing him were Milt Simon, of Erie, with 143 points, and Irwin Batnick, of Brooklyn, N. Y., with 135 points.

One of the longest fox hunts on record took from 6:30 a. m. until 3:30 p. m., near Hammontown, N. J., in 1935. The pursuit covered 25 miles.

Bill Robinson, famous as a tap dancer, holds the backward running record—50 yards, 6 seconds; 75 yards, 8 1-5 seconds; 100 yards, 13 1-4 seconds.
